

# REMINGTON 700 F/S RECOIL LUG ALIGNMENT TOOL - KLEINENDORST REMINGTON 700 FACTORY/SHILEN LUG TOOL

[Gunsmith Tools](#) > [Rifle Tools](#) > [Stock Tools](#)

## **Stops Lug "Cant" When Tightening Barrel**

A time saver! This high quality tool is secured to the front of the receiver by an Allen head screw. A slot, precisely milled in the front of the tool, guarantees the proper positioning of the recoil lug. No more wasted time from having the lug cant to one side as the barrel is tightened into the receiver.

# REMINGTON 700 F/S RECOIL LUG ALIGNMENT TOOL SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the REMINGTON 700 F/S Recoil Lug Alignment Tool by KLEINENDORST. This tool is designed to assist you in properly aligning the recoil lug during barrel installation. To ensure your safety and the effective use of this product, please read and follow the instructions and safety guidelines outlined in this document.

## General Safety Guidelines

- Ensure that the tool is used only for its intended purpose as specified in this manual.
- Always wear appropriate safety gear, including eye protection, when using this tool.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before each use for any signs of wear or damage. Do not use if damaged.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before using the alignment tool.
- Do not apply excessive force when tightening the Allen head screw; overtightening may damage the tool or the firearm.
- Always position the tool securely on the receiver before making any adjustments to the barrel.
- Avoid placing fingers or hands near moving parts during installation to prevent injury.
- If you feel uncertain about using the tool, consult a qualified gunsmith for assistance.

## Instructions for Installation and Usage

### 1. Preparation:

- Make sure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools, including the REMINGTON 700 F/S Recoil Lug Alignment Tool and an Allen wrench.

### 2. Securing the Tool:

- Locate the front of the receiver on your REMINGTON 700.
- Align the tool with the front of the receiver and secure it using the provided Allen head screw.

### 3. Positioning the Recoil Lug:

- Insert the recoil lug into the designated slot on the tool.
- Ensure that the lug is properly positioned to prevent it from canting to one side.

### 4. Tightening the Barrel:

- Carefully tighten the barrel into the receiver while monitoring the position of the recoil lug.
- Ensure that the lug remains aligned and does not shift during the tightening process.

### 5. Final Checks:

- Once the barrel is securely tightened, remove the alignment tool.
- Inspect the alignment of the recoil lug to ensure it is correctly positioned.

## **Disposal Instructions**

When the REMINGTON 700 F/S Recoil Lug Alignment Tool has reached the end of its life or is no longer usable:

- Dispose of it in accordance with local regulations regarding metal waste.
- Do not dispose of the tool in household waste.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the proper use and safety of the REMINGTON 700 F/S Recoil Lug Alignment Tool, please consult your local firearms dealer or a qualified gunsmith.

By following these instructions and safety guidelines, you can ensure a safe and effective experience when using the REMINGTON 700 F/S Recoil Lug Alignment Tool. Thank you for your attention to safety.
