

# BORE BRIGHT - BORE TECH BORE BRIGHT

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Bore Lights](#)

## Bright LED Light Really Shines In Your Bore

Streamlight® Stylus 3, LED light, with a Delrin® diffuser, provides a brilliant, white light that really illuminates your rifle shotgun or handgun bore. Lets you clearly see any fouling or pitting within the bore and throat. A powerful magnet in the diffuser holds the light in a rifle receiver to give you hands free viewing. Includes a flexible, five inch long, fiber optic adapter that lets you look deep inside actions and other difficult-to-examine spots. Machined aluminum construction; two-way switch, twist-on or push button.

## Attributes

# BORE TECH BORE BRIGHT Safety Instruction Guide

## Introduction

Thank you for choosing the BORE TECH BORE BRIGHT. This LED light is designed to enhance your experience while inspecting the bore of your rifle, shotgun, or handgun. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always use the BORE BRIGHT in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the device for any damage or wear before use.
- Do not use the BORE BRIGHT in wet or damp conditions to avoid electrical hazards.
- Ensure that the batteries are installed correctly, following the polarity indications.
- Dispose of used batteries responsibly and in accordance with local regulations.

## Specific Safety Precautions for Use

- Do not shine the light directly into eyes, as it may cause temporary blindness or discomfort.
- Avoid using the device in an environment where flammable gases or liquids are present.
- Ensure that the magnetic diffuser is securely attached when in use to prevent accidental detachment.
- Use caution when inspecting the bore to avoid injury from sharp edges or debris.

## Instructions for Installation and Usage

### 1. Battery Installation

- Open the battery compartment by twisting the cap counterclockwise.
- Insert (3) AAAA batteries, ensuring the correct polarity as indicated inside the compartment.
- Close the compartment by twisting the cap clockwise until secure.

### 2. Using the Light

- To turn on the light, twist the switch or press the push button.
- For handsfree operation, attach the magnetic diffuser to the rifle receiver or any suitable metal surface.
- Use the flexible fiber optic adapter to reach deep inside actions or difficulttoexamine spots.

### 3. Inspecting the Bore

- Position the BORE BRIGHT at the muzzle end of the firearm's bore.
- Activate the light to illuminate the bore and inspect for any fouling or pitting.
- Always ensure that the firearm is unloaded and pointed in a safe direction before inspection.

## Disposal Instructions

- Dispose of the BORE BRIGHT in accordance with local waste management regulations.
- Do not dispose of batteries in household waste. Instead, take them to designated recycling points.

## **Contact Information for Further Support**

For any inquiries or further support regarding the BORE TECH BORE BRIGHT, please refer to the product packaging for the EUbased contact information.

## **Conclusion**

By following the safety guidelines and instructions outlined in this guide, you can ensure the safe and effective use of the BORE TECH BORE BRIGHT. Always prioritize safety and compliance with local regulations when using this product. Thank you for your attention, and enjoy your experience with the BORE BRIGHT.
