

CU+2 COPPER REMOVER - BORE TECH 16 OZ. CU+2 COPPER REMOVER

[Gun Cleaning & Chemicals](#) > [Solvents & Degreasers](#) > [Bore Solvents](#)

Sophisticated Solvents That Take The Chore Out Of Bore Cleaning

Environmentally safe, ammonia-free formula works fast to breakdown and dissolve all traces of copper fouling caused by high-velocity, jacketed bullets commonly used in hunting and competition guns. Contains an enhanced binding agent that acts like a magnet to attract the dissolved copper, keeping it from re-depositing and allowing complete removal. Repeated use conditions the bore to help prevent future copper buildup, plus works like a rust preventative to shield and protect the metal from corrosion. Non-hazardous, biodegradable, odorless, and petroleum free. Safe to use on steel, stainless steel, and lined barrels.

Safety Instruction Guide for CU+2 Copper Remover Bore Tech 16 oz.

Introduction

Thank you for choosing CU+2 Copper Remover by Bore Tech. This product is designed to effectively remove copper fouling from firearms while ensuring safety and environmental responsibility. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always use this product in a wellventilated area.
- Keep out of reach of children and pets.
- Avoid contact with skin and eyes. In case of contact, rinse immediately with plenty of water.
- Do not ingest. If swallowed, seek medical attention immediately.
- Store in a cool, dry place away from direct sunlight and heat sources.
- Follow local regulations for storage and disposal of chemical products.

Specific Safety Precautions for Use

- Use personal protective equipment (PPE) such as gloves and safety goggles during application.
- Ensure the firearm is unloaded before applying the product.
- Do not mix with other cleaning agents or chemicals.
- Avoid spraying near open flames or hot surfaces.
- If you experience any adverse reactions, discontinue use immediately and seek medical advice.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded.
- Remove any accessories that may obstruct access to the bore.

2. Application:

- Shake the bottle well before use.
- Apply a sufficient amount of CU+2 Copper Remover into the bore using a cleaning rod or patch.
- Allow the product to sit for 1015 minutes to break down the copper fouling.

3. Cleaning:

- After the waiting period, use a clean patch or brush to scrub the bore.
- Repeat the application if necessary until the bore is clean.

4. Final Steps:

- Rinse the bore with clean water to remove any residue.
- Dry the bore thoroughly with a clean patch.
- Apply a rust preventative if desired to protect the bore from corrosion.

Disposal Instructions

- Dispose of any unused product and cleaning materials in accordance with local regulations.

- Do not pour down the drain or dispose of in regular trash.
- Check for specific disposal instructions on the product label.

Contact Information for Further Support

For safety inquiries, product information, or concerns regarding this product, please refer to the official Bore Tech website or contact your local distributor.

By following these guidelines, you can ensure the safe and effective use of CU+2 Copper Remover. Thank you for prioritizing safety and environmental responsibility in your firearm maintenance practices.
