

CHAMELEON GEL - BORE TECH CHAMELEON GEL

[Gun Cleaning & Chemicals](#) > [Solvents & Degreasers](#) > [Bore Cleaning Paste](#)

Color-Changing Formula Lets You Know When The Barrel Really Is Totally Clean

Dual-purpose bore cleaner/polish changes color to let you know what type of fouling remains in your barrel – or when it's totally clean. Designed to be used in conjunction with Bore Tech C4, Cu+2, and Eliminator products, Chameleon Gel removes heavy carbon, copper, lead, moly, and plastic fouling. Make multiple cleaning passes, just as you would with any cleaner, and if the gel residue comes out blue/green, you still have copper fouling. Black means carbon fouling, and gray means lead and/or moly. When the gel residue finally remains white in color, the barrel is clean and lightly polished. Nonembedding, biodegradable, safe for all barrels.

Attributes

- Name: [BORE TECH CHAMELEON GEL](#)
- Manufacturer: [BORE TECH](#)
- Product no.: 509000030
- Mfr. No.: BTCK-40002
- Size: 2 oz
- Delivery weight: 0.091kg
- Shipping height: 3mm
- Shipping width: 58mm
- Shipping length: 183mm
- UPC: 667739980524

CHAMELEON GEL BORE TECH CHAMELEON GEL

Safety Instruction Guide

Introduction

Welcome to the safety instruction guide for CHAMELEON GEL BORE TECH CHAMELEON GEL. This dualpurpose bore cleaner and polish is designed to help you maintain the cleanliness and performance of your firearm's barrel. It changes color to indicate the type of fouling remaining and when your barrel is clean. Please read this guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

To ensure your safety and the safety of others while using CHAMELEON GEL, please follow these guidelines:

- Always read the product label and safety data sheet before use.
- Keep the product out of reach of children.
- Use the product only for its intended purpose.
- Ensure proper ventilation when using the product.
- Avoid contact with skin and eyes. Wear protective gloves and safety goggles if necessary.
- Do not ingest the product. In case of accidental ingestion, seek medical attention immediately.
- Dispose of the product responsibly, following local regulations.

Specific Safety Precautions for Use

When using CHAMELEON GEL, please observe the following precautions:

- Use in a wellventilated area to minimize inhalation of fumes.
- Avoid using the product near open flames or sources of ignition.
- Do not mix with other cleaning agents unless specified by the manufacturer.
- If you experience irritation or an allergic reaction, discontinue use and seek medical advice.
- Ensure that the product is stored in a cool, dry place, away from direct sunlight.

Instructions for Installation and Usage

Follow these steps for the proper use of CHAMELEON GEL:

1. Preparation:

- Gather all necessary materials, including CHAMELEON GEL, cleaning patches, and a cleaning rod.
- Ensure the firearm is unloaded and pointed in a safe direction.

2. Application:

- Shake the squeeze tube of CHAMELEON GEL before use.
- Apply a small amount of gel to a cleaning patch or directly into the barrel.
- Use a cleaning rod to distribute the gel evenly throughout the barrel.

3. Cleaning Process:

- Allow the gel to sit for a few minutes to penetrate fouling.
- Make multiple cleaning passes with a cleaning patch until the residue appears.
- Observe the color of the gel residue:
 - Blue/green indicates copper fouling.
 - Black indicates carbon fouling.

- Gray indicates lead and/or moly fouling.
- White indicates the barrel is clean and lightly polished.

4. Final Steps:

- After achieving a clean result, remove any remaining gel with a clean patch.
- Clean the barrel with a dry patch to remove excess moisture.

Disposal Instructions

To dispose of CHAMELEON GEL properly:

- Follow local regulations regarding hazardous waste disposal.
- Do not dispose of the product in household waste or down the drain.
- If the product is unused, consider returning it to the retailer or contacting local waste management facilities for guidance.

Contact Information for Further Support

For any safety inquiries or further assistance regarding CHAMELEON GEL, please consult the product label or visit the manufacturer's website for more information.

Thank you for choosing CHAMELEON GEL BORE TECH CHAMELEON GEL. By following these safety instructions, you can ensure a safe and effective cleaning experience for your firearm.
