

PROOF POSITIVE PIERCE STYLE JAGS - BORE TECH 22 CALIBER CF PROOF POSITIVE JAG

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

Want proof your barrel is clean? Unlike traditional brass jags that can give a "false positive" when testing barrels for copper fouling, Bore Tech makes a proprietary heavy-duty alloy jag that has excellent tensile strength and features a special coating that seals the jag to protect it against harsh chemicals and makes it 100% barrel safe. Eliminating brass with a Proof-Positive Jag will not only give you a cleaner rifle bore, but you'll save time and money by cutting back on wasted patches and chemicals. Proof-Positive Jags are precision machined to strict tolerances to provide true, concentric pressure on barrel surfaces. Get the best cleaning results by using Proof-Positive Jags with Bore Tech's Bore Stix.

Safety Instruction Guide for PROOF POSITIVE PIERCE STYLE JAGS BORE TECH 22 CALIBER CF PROOF POSITIVE JAG

Introduction

Thank you for choosing the PROOF POSITIVE PIERCE STYLE JAGS BORE TECH 22 CALIBER CF PROOF POSITIVE JAG. This product is designed to provide an effective and safe cleaning solution for your rifle bore. Please read this safety instruction guide carefully to ensure safe usage and maintenance of the product.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Always inspect the product for any damage or wear before use.
- Use the product only for its intended purpose.
- Report any unsafe products or incidents to the appropriate authorities.
- Regularly check for updates on product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Chemical Safety:** The special coating on the jag protects it against harsh chemicals. However, always follow the manufacturer's guidelines when using cleaning chemicals.
- **Personal Protective Equipment:** It is recommended to wear safety goggles and gloves when cleaning firearms to protect against potential splashes or debris.
- **Handling:** Handle the jag with care to avoid injury. Ensure that it is securely attached to your cleaning rod before use.
- **Storage:** Store the jag in a cool, dry place away from direct sunlight and moisture to maintain its integrity and effectiveness.

Instructions for Installation and Usage

- **Installation:**
 1. Select the appropriate cleaning rod for your firearm.
 2. Attach the PROOF POSITIVE JAG to the cleaning rod securely, ensuring it is locked in place.
- **Usage:**
 1. Apply a suitable cleaning solvent to the jag or the cleaning patch.
 2. Insert the jag into the barrel of the firearm from the breech end.
 3. Gently push the jag through the barrel, ensuring it makes full contact with the bore.
 4. Pull the jag back out of the barrel carefully.
 5. Repeat the process as necessary until the desired level of cleanliness is achieved.
 6. After use, clean the jag with a suitable solvent and allow it to dry completely before storage.

Disposal Instructions

- Dispose of any used cleaning patches and chemicals in accordance with local regulations.
- Do not dispose of the jag in regular household waste. Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the PROOF POSITIVE PIERCE STYLE JAGS BORE TECH 22 CALIBER CF PROOF POSITIVE JAG, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
