

# MICRO FINISH SANDING DETAILER KITS - LUMBERTON INDUSTRIES

## STANDARD MICRO FINISH KIT

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Abrasives](#) > [Abrasive Rolls & Mandrels](#)

3M Micro-Finishing Film is a fast cutting abrasive for precise, uniform, close tolerance finish. High strength polyester film backing and micron-graded aluminum oxide mineral resin is bonded for durability. This material is ideal for gunsmithing, jewelry making, watch repair, and medical devices. This material works well on both metal and plastic. Each kit contains 3 Sanding Detailers along with 15 Micro-Finishing Film Belts; 5 belts of 3 different grits. The Sanding Detailer is ideal for finishing those hard to reach areas. The abrasive belt can be indexed. The Sanding Detailer is spring loaded to put tension on the abrasive belt. After the abrasive belt is used up, simply compress the tool and replace the abrasive belt with a fresh one. They are color coded for easy identification of grit. Black: 60 Micron, 220 Grit Gray: 50 Micron, 270 Grit Red: 40 Micron, 320 Grit Green: 30 Micron, 400 Grit Yellow: 15 Micron, 600 Grit Blue: 9 Micron, 1200 Grit

### Attributes

- Name: [LUMBERTON INDUSTRIES STANDARD MICRO FINISH KIT](#)
- Manufacturer: [LUMBERTON INDUSTRIES](#)
- Product no.: 511000010
- Mfr. No.: 12303
- Grit: 220,270,320
- Delivery weight: 0.05kg
- Shipping height: 15mm
- Shipping width: 64mm
- Shipping length: 178mm

# Safety Instruction Guide for MICRO FINISH SANDING DETAILER KITS

## Introduction

Thank you for choosing the MICRO FINISH SANDING DETAILER KITS from Lumberton Industries. This product is designed to provide a precise and uniform finish for various applications, including gunsmithing, jewelry making, watch repair, and medical devices. To ensure safe and effective use of this product, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always use personal protective equipment (PPE) such as safety goggles and gloves when using the sanding detailer kits.
- Keep the work area clean and welllit to prevent accidents.
- Ensure that all components of the kit are in good condition before use.
- Follow the instructions provided in this guide to avoid potential hazards.
- Be aware of the specific risks associated with the materials you are working with, such as metal or plastic dust.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- The abrasive belts can create fine dust particles that may be harmful if inhaled. Use a dust mask or respirator if necessary.
- The abrasive belts may cause skin irritation. Avoid direct contact with skin.
- The sanding detailer operates with tension; ensure hands and fingers are clear of moving parts during operation.

- **Age Specific Warning:**

- This product is not intended for use by children. Keep out of reach of children.

- **Emergency Procedures:**

- In case of an accident or injury, seek medical attention immediately.
- For any productrelated safety concerns, please contact the appropriate authorities.

## Instructions for Installation and Usage

- **Installation:**

1. Ensure that the sanding detailer is clean and free of debris before installation.
2. Select the appropriate abrasive belt based on the required grit (colorcoded for easy identification).
3. Compress the tool to release the tension on the abrasive belt.
4. Remove the used abrasive belt and replace it with a new one.
5. Release the tool to apply tension to the new abrasive belt.

- **Usage:**

1. Hold the sanding detailer firmly in one hand.

2. Position the detailer against the surface you wish to finish.
3. Move the detailer smoothly over the surface, applying light pressure.
4. Avoid excessive force, as it may damage the abrasive belt or the workpiece.
5. After use, clean the sanding detailer and the work area to remove any dust or debris.

## **Disposal Instructions**

- Dispose of used abrasive belts in accordance with local waste disposal regulations.
- Do not dispose of any components in regular household waste if they are hazardous.
- Check with local authorities for proper disposal methods for any nonrecyclable materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the MICRO FINISH SANDING DETAILER KITS, please refer to the EUbased contact point provided with your product packaging. Your safety and satisfaction are our top priorities.

Thank you for your attention to these safety guidelines. Enjoy using your MICRO FINISH SANDING DETAILER KITS responsibly!
