# Receiver Accurizing System Safety Instructions

## Introduction

Thank you for choosing the Receiver Accurizing System by Manson Precision. This guide provides important safety instructions and guidelines to ensure safe and effective use of the product. Please read this manual thoroughly before using the product.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the workspace is clean and free from distractions.
- Use personal protective equipment (PPE) such as safety goggles and gloves when handling tools.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect tools for wear and damage before use.
- Follow all local regulations regarding the use and disposal of tools.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Risk of injury from sharp tools and moving parts.
  - Risk of damage to the firearm if the tool is used improperly.
- **Avoiding Hazards:**
  - Always ensure that the firearm is unloaded before beginning any work.
  - Do not exceed recommended specifications for reaming and tapping.
  - Use the tools only for their intended purpose as described in this manual.
  - Keep hands and body clear of moving parts during operation.
  - If you feel unwell or are under the influence of substances, do not use the tools.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and in a secure position.
- Gather all necessary tools and components from the kit.

### 2. Using the .010" Over Kit:

- Insert the .010" over Receiver Reamer into the drill.
- Align the reamer with the receiver and begin reaming slowly, ensuring even pressure.
- After reaming, use the 11/16" +.010"16 tap to create threads as needed.
- Utilize the .010" over Recoil Lug Reamer for the recoil lug area.
- Use the provided bushings as necessary to ensure proper fit and alignment.

### 3. Using the Standard Kit:

- Follow the same initial preparation steps as above.
- Use the Standard Receiver Reamer in place of the .010" over Receiver Reamer.
- Proceed with the tapping and alignment as described for the .010" Over Kit.

### 4. PostUsage:

- Clean the tools after use to prevent rust and damage.
- Store the tools in a safe, dry location away from children.

## **Disposal Instructions**

- Dispose of any damaged or worn tools in accordance with local regulations.
- Do not dispose of tools in regular household waste. Check for local recycling programs or hazardous waste disposal sites.

## **Contact Information for Further Support**

For any safety inquiries or concerns about the Receiver Accurizing System, please reach out to the designated EUbased contact point provided with your product packaging or documentation.

## **Conclusion**

By following these safety instructions, you can ensure a safe and efficient experience with the Receiver Accurizing System. Always prioritize safety and refer to this guide whenever needed. Thank you for your attention to these important guidelines.
