

BOLT FACE TRUING TOOLS - MANSON PRECISION .308 FACING BURR

[Gunsmith Tools](#) > [Rifle Tools](#) > [Action & Bolt Trueing Tools](#)

Squares Bolt Face To Receiver With Greater Precision, In Less Time

Carbide facing burr requires only hand tools to cut the bolt face square and concentric to the boltway. Saves man hours and setup time. Tooling block locates in the front receiver ring; turn the facing burr with a slow speed drill motor. Use after bolt lapping and squaring receiver face.

BOLT FACE TRUING TOOLS MANSON PRECISION .308 FACING BURR Safety Instructions

Introduction

Thank you for choosing the BOLT FACE TRUING TOOLS MANSON PRECISION .308 FACING BURR. This tool is designed to help you achieve a square and concentric bolt face using only hand tools. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always follow the manufacturer's instructions for use and maintenance.
- Ensure that the workspace is clean and free from clutter before starting work.
- Use personal protective equipment (PPE) such as safety goggles and gloves to protect against debris and sharp edges.
- Keep the tool out of reach of children and unauthorized users.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Before using the facing burr, inspect it for any damage or wear. Do not use if damaged.
- Ensure that the tooling block is properly located in the front receiver ring before use.
- Use a slow speed drill motor to turn the facing burr to avoid overheating and damaging the tool.
- Do not apply excessive force while using the tool; let the burr do the cutting.
- Always use the tool after bolt lapping and squaring the receiver face to ensure proper results.
- If you experience any unusual vibrations or noises during use, stop immediately and inspect the tool.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials including the BOLT FACE TRUING TOOLS MANSON PRECISION .308 FACING BURR, tooling block, and a slow speed drill motor.
- Ensure you have a clean and organized workspace.

2. Installation:

- Locate the tooling block and insert it into the front receiver ring of your firearm.
- Confirm that the tooling block is securely positioned.

3. Using the Facing Burr:

- Attach the facing burr to the drill motor.
- Set the drill motor to a slow speed.
- Carefully position the facing burr against the bolt face.
- Turn on the drill motor and allow the burr to cut the bolt face square and concentric. Do not force the tool; let it operate at its own pace.

4. PostUse Care:

- After use, turn off the drill motor and remove the facing burr.
- Clean the tool and inspect it for any signs of wear or damage.
- Store the tool in a safe place away from children and unauthorized users.

Disposal Instructions

- Dispose of any worn or damaged tools in accordance with local regulations.
- Do not dispose of tools in regular household waste. Check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any safety inquiries or further support regarding the BOLT FACE TRUING TOOLS MANSON PRECISION .308 FACING BURR, please reach out to the appropriate contact point in your region.

By following these safety instructions, you can ensure safe and effective use of the BOLT FACE TRUING TOOLS MANSON PRECISION .308 FACING BURR. Thank you for your attention to safety!
