## Squares Bolt Face To Receiver With Greater Precision, In Less Time

Carbide facing burr requires only hand tools to cut the bolt face square and concentric to the boltway. Saves man hours and setup time. Tooling block locates in the front receiver ring; turn the facing burr with a slow speed drill motor. Use after bolt lapping and squaring receiver face.

## Attributes

# BOLT FACE TRUING TOOLS MANSON PRECISION MAGNUM FACING BURR Safety Instruction Guide

## Introduction

Thank you for choosing the BOLT FACE TRUING TOOLS MANSON PRECISION MAGNUM FACING BURR. This tool is designed to help you achieve a square and concentric bolt face with ease. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that the tool is used only for its intended purpose as described in this manual.
- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the tool.
- Keep the work area clean and free from clutter to avoid accidents.
- Ensure that children and pets are kept away from the work area during use.
- Do not use the tool if it appears damaged or malfunctioning. Inspect it before each use.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Only use the BOLT FACE TRUING TOOLS MANSON PRECISION MAGNUM FACING BURR with compatible tools, such as a slowspeed drill motor.
- Always secure the tooling block in the front receiver ring before operating the facing burr.
- Avoid wearing loose clothing or jewelry that could become entangled while using the tool.
- Do not exceed the recommended speed for the drill motor to prevent injury or damage to the tool.
- Ensure that the workpiece is firmly secured before beginning any cutting operations.
- Use caution when handling sharp edges of the carbide cutter head.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have the necessary tools available, including the tooling block and facing burr.
- Inspect the facing burr and tooling block for any damage or defects.

### 2. Installation:

- Locate the front receiver ring on the Remington 700 receiver.
- Insert and secure the tooling block into the front receiver ring.
- Attach the facing burr to the drill motor.

### 3. Usage:

- Set the drill motor to a slow speed to avoid overheating the cutter head.
- Begin the operation by gently applying pressure to the facing burr against the bolt face.
- Maintain a consistent and steady hand to ensure a uniform cut.
- After completing the facing operation, turn off the drill motor and carefully remove the tooling block and facing burr.

### 4. PostUsage:

- Clean the tool and work area after use to prevent any buildup of debris.

- Store the tool in a safe place away from children and pets.

## **Disposal Instructions**

- Dispose of the BOLT FACE TRUING TOOLS MANSON PRECISION MAGNUM FACING BURR in accordance with local regulations.
- If the tool is damaged beyond repair, ensure that it is rendered unusable before disposal.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the BOLT FACE TRUING TOOLS MANSON PRECISION MAGNUM FACING BURR, please contact the manufacturer or refer to the product packaging for additional information.

Thank you for following these safety instructions. Your safety is our priority, and we hope you enjoy using the BOLT FACE TRUING TOOLS MANSON PRECISION MAGNUM FACING BURR.
