## Determine Correct Headspace

MANSON PRECISION RIMLESS CARTRIDGE HEADSPACE GAUGES The Manson Precision Rimless Cartridge Headspace Gauges enable gunsmiths and firearm enthusiasts to verify the headspace of rimless cartridges, ensuring firearms are safe to fire. Proper headspace is critical for reliable chambering, ignition, and extraction of cartridges, preventing potential malfunctions or safety hazards. These gauges are essential for chambering new barrels, performing routine maintenance, or evaluating used firearms. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Manson Precision Rimless Cartridge Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Manson Precision Rimless Cartridge Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

## Attributes

- Name: [MANSON PRECISION 50 BMG GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [MANSON PRECISION](#)
- Product no.: 513000043
- Mfr. No.: G50BMG
- Cartridge: 50 BMG
- Colour: Steel
- Height: 2"
- Length: 2"
- Material: Steel
- Model Number: 50 BMG Go
- Style: Go Gauge
- Weight: 0.2 lbs
- Width: 2"
- Delivery weight: 0.181kg
- Shipping height: 18mm
- Shipping width: 51mm
- Shipping length: 142mm

# RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 50 BMG GO GAUGE HEADSPACE GAUGE STEEL Safety Instruction Guide

## Introduction

Thank you for choosing the RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 50 BMG GO GAUGE. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that all safety precautions are followed when using this product.
- This product is designed for use with specific firearms and should only be used as intended.
- Always handle gauges with care to prevent damage and ensure accurate readings.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for updates regarding product recalls or safety alerts on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Proper Usage:** Always use the GO gauge to confirm that the firearm chamber meets the minimum depth specifications as recommended by SAAMI.
- **Gauge Compatibility:** Do not mix and match brands of headspace gauges. Stick to one brand within a specific caliber to avoid inaccurate readings.
- **Inspection:** Regularly inspect the gauges for wear and damage before use. If any damage is detected, discontinue use immediately.
- **Environmental Considerations:** Store gauges in a dry, dustfree environment to maintain their precision and longevity.
- **Training:** Ensure that individuals using the gauges are trained in their proper use and understand the implications of headspace measurements.

## Instructions for Installation and Usage

1. **Preparation:** Before using the headspace gauges, ensure that the firearm is unloaded and pointed in a safe direction.
2. **Choosing the Right Gauge:** Select the appropriate GO or NO/GO gauge for your specific firearm caliber.
3. **Measuring Headspace:**
  - Insert the GO gauge into the chamber of the firearm.
  - The gauge should fit snugly but not require excessive force to remove.
  - If the gauge does not fit, consult a qualified gunsmith or refer to the firearm's specifications.
4. **Using NO/GO Gauge:**
  - After confirming the GO gauge fits, insert the NO/GO gauge.
  - This gauge should not fit in a properly functioning chamber. If it does, the chamber may be excessively deep and unsafe for use.
5. **PostUse Care:** Clean the gauges after use to remove any debris or contaminants. Store them in their designated case or holder.

## **Disposal Instructions**

- Dispose of any damaged or worn gauges responsibly, following local regulations for disposal of metal products.
- If the product is no longer usable, consider recycling it where facilities are available.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and use of this product, please consult the manufacturer's website or customer support resources.

By following these guidelines, you can ensure a safe and effective experience with the RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 50 BMG GO GAUGE. Thank you for prioritizing safety.
