Safety Instruction Guide for the Receiver Accurizing System Manson Precision Standard Receiver Accurizing Kit

Introduction

Thank you for choosing the Receiver Accurizing System Manson Precision Standard Receiver Accurizing Kit. This product is designed for precision tooling in blueprinting Remington and Winchester actions. To ensure your safety and the optimal performance of the product, please read and follow the guidelines outlined in this safety instruction guide.

General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions to avoid accidents.
- Always inspect the kit for any damage or wear before use.
- Keep the kit out of reach of children and unauthorized users.
- Use the product in a wellventilated area to avoid inhalation of any dust or debris generated during usage.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, while using the kit.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check the EU's Safety Gate platform for any recall updates related to this product.

Specific Safety Precautions for Use

- Be aware of sharp edges on tools and components; handle with care.
- Do not use the kit if you are unfamiliar with its operation; seek guidance from a qualified individual if necessary.
- Ensure that the work area is clean and free from any obstructions that could cause tripping or accidents.
- Do not modify the tools or components in any way, as this may lead to unsafe conditions.
- Keep the kit dry and away from moisture to prevent rust and deterioration of components.
- If you experience any discomfort or adverse reactions while using the kit, discontinue use immediately and seek medical attention if necessary.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components from the kit.
- Ensure that your work area is clean and welllit.

2. Using the Kit:

- For the .010" Over Kit:
 - Use the .010" over Receiver Reamer for precise adjustments.
 - Utilize the 11/16" +.010"16 tap for threading as needed.
 - Employ the .010" over Recoil Lug Reamer for recoil lug adjustments.
 - Insert the bushings where required to ensure proper fit and alignment.
- For the Standard Kit:
 - Use the Standard Receiver Reamer for general adjustments.
 - Utilize the 11/16"16 tap for threading.
 - Note that this kit does not include the Recoil Lug Reamer.
 - Insert the bushings as needed for proper fit.

3. **PostUse:**

- Clean all tools and components after use to maintain their condition.
- Store the kit in a dry, secure location, away from children and unauthorized users.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not throw tools or components in general waste; check for recycling options for metal and plastic materials.
- Ensure that any hazardous materials are disposed of at designated facilities.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the contact information provided with your product packaging or visit the manufacturer's website for further assistance.

Thank you for your attention to these safety instructions. Proper use and care of the Receiver Accurizing System Manson Precision Standard Receiver Accurizing Kit will help ensure your safety and the longevity of the product.
