# Safety Instruction Guide for REAMER/TAP BUSHINGS 20 GAUGE .612" BUSHING

## Introduction

Thank you for choosing the REAMER/TAP BUSHINGS 20 GAUGE .612" BUSHING. This guide provides important safety information and instructions to ensure safe and effective use of the product. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that you are using the bushing in accordance with the manufacturer's specifications.
- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when handling the bushing.
- Keep the product out of reach of children and unauthorized users.
- Inspect the bushing for any signs of damage or wear before each use. Do not use if damaged.
- Follow all local regulations regarding the use and disposal of tools and equipment.

## Specific Safety Precautions for Use

- Only use the bushing with compatible reamers and taps to avoid accidents.
- When turning the blank bushing to fit odd diameters, ensure that the tool is securely held to prevent slippage.
- Avoid excessive force when using the bushing to prevent breakage or injury.
- Do not modify the bushing in any way that could affect its performance or safety.
- Always work in a wellventilated area to avoid inhalation of dust or debris generated during use.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and equipment.
- Ensure your workspace is clean and free of clutter.

### 2. Installation:

- Securely attach the bushing to the appropriate reamer or tap.
- Make sure that the bushing is properly aligned and tightened to prevent any movement during use.

### 3. Usage:

- Start the reamer or tap at a low speed to ensure a smooth operation.
- Gradually increase the speed as necessary, maintaining control of the tool at all times.
- Monitor the operation for any unusual sounds or vibrations, and stop immediately if any issues arise.

### 4. PostUse Care:

- After use, clean the bushing thoroughly to remove any debris or residue.
- Store the bushing in a dry, secure location away from other tools and equipment.

## **Disposal Instructions**

- Dispose of the bushing in accordance with local regulations regarding metal waste.
- Do not dispose of the bushing in regular household waste.
- Consider recycling the product if possible, as it is made of bronze.

## **Contact Information for Further Support**

For any inquiries regarding the safety or use of this product, please refer to the manufacturer's contact details provided on the packaging or product documentation.

By following these safety instructions, you can ensure a safe and effective experience with the REAMER/TAP BUSHINGS 20 GAUGE .612" BUSHING. Always prioritize safety and compliance with local regulations when using this product.
