Determine Correct Headspace

MANSON PRECISION RIMLESS CARTRIDGE HEADSPACE GAUGES The Manson Precision Rimless Cartridge Headspace Gauges enable gunsmiths and firearm enthusiasts to verify the headspace of rimless cartridges, ensuring firearms are safe to fire. Proper headspace is critical for reliable chambering, ignition, and extraction of cartridges, preventing potential malfunctions or safety hazards. These gauges are essential for chambering new barrels, performing routine maintenance, or evaluating used firearms. Key Features:

Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements.

Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms.

Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments.

Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style

Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Manson Precision Rimless Cartridge Headspace Gauges for their precision and reliability.

The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use.

Incorporating the Manson Precision Rimless Cartridge Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [MANSON PRECISION 338 LAPUA MAGNUM NO GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [MANSON PRECISION](#)
- Product no.: 513000104
- Mfr. No.: NO
- Cartridge: 338 Lapua
- Colour: Steel
- Height: 2"
- Length: 2"
- Material: Steel
- Model Number: 338 Lapua Magnum NO GO
- Style: No Go Gauge
- Weight: 0.2 lbs
- Width: 2"
- Delivery weight: 0.068kg
- Shipping height: 13mm
- Shipping width: 58mm
- Shipping length: 104mm

MANSON PRECISION 338 LAPUA MAGNUM NO GO

GAUGE Safety Instruction Guide

Introduction

Thank you for choosing the RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 338 LAPUA MAGNUM NO GO GAUGE. This guide provides essential safety instructions to ensure the safe use of this product. Please read this guide thoroughly before using the gauge to understand its features, safety precautions, and proper usage.

General Safety Guidelines

- Ensure that the gauge is used solely for its intended purpose, which is to measure headspace in firearms.
- Always handle the gauge with care to avoid damage or injury.
- Store the gauge in a safe, dry place away from children and unauthorized individuals.
- Regularly inspect the gauge for any signs of wear or damage before use.
- Avoid using the gauge if it shows signs of damage or if it has been dropped.
- Follow all local laws and regulations regarding firearms and ammunition.

Specific Safety Precautions for Use

- **Mixing Brands:** Do not mix brands of headspace gauges. Use gauges from the same manufacturer for accurate readings.
- **Gauge Types:**
 - GO Gauge: Indicates the minimum chamber depth as per SAAMI recommendations.
 - NO/GO Gauge: Slightly longer than the GO gauge to identify excessive chamber depth and unsafe conditions.
- **Tolerance Stacking:** Be aware that different manufacturers may have different tolerances. Stick to one brand within a particular caliber to eliminate variables.
- **Safe Practices:** Always treat the firearm as if it is loaded. Ensure the firearm is pointed in a safe direction during measurements.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have the correct gauge for your firearm caliber.
- Gather necessary tools and materials for safe firearm handling.

2. Using the Gauge:

- Insert the GO gauge into the chamber of the firearm.
- If the gauge fits easily, the chamber depth is acceptable.
- Next, insert the NO/GO gauge into the chamber.
- If the NO/GO gauge does not fit, the chamber is safe. If it fits, the chamber depth may be excessive, indicating a potential safety issue.

3. PostUse Care:

- Clean the gauge after use to remove any debris or residue.
- Store the gauge in its original packaging or a protective case to prevent damage.

Disposal Instructions

- Dispose of any damaged or unusable gauges in accordance with local regulations.
- Do not throw the gauge in regular household waste. Check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any questions or concerns regarding the RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 338 LAPUA MAGNUM NO GO GAUGE, please contact the manufacturer or your local distributor. Ensure you have the product details ready for assistance.

By following these safety instructions, you can ensure the safe use of your headspace gauge and maintain the integrity of your firearm. Always prioritize safety and consult professionals if you are unsure about any measurements or procedures. Thank you for choosing our product, and stay safe!
