Outstanding Quality Reamers By Dave Manson Help You Produce Accurate Chambers

Engineered and ground by one of the most respected names in firearms reamers, Dave Manson. Superb quality reamers made to SAAMI specifications, ground from M7 steel to cut precise chambers capable of outstanding accuracy. Finish Chambering Reamers feature integral throater and solid, fixed pilots. Throating Reamers let you customize a chambering job for non-standard bullets or additional freebore length. Available as finish reamers unless listed otherwise.

RIMMED PISTOL CARTRIDGES MANSON PRECISION RIMMED PISTOL CARTRIDGE, .38 SUPER NONTE FINISHER Safety Instruction Guide

Introduction

Thank you for choosing the RIMMED PISTOL CARTRIDGES MANSON PRECISION RIMMED PISTOL CARTRIDGE, .38 SUPER NONTE FINISHER. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before using the product to minimize risks and ensure compliance with safety regulations.

General Safety Guidelines

- Ensure you are familiar with the operation of firearms and reloading before using this product.
- Always treat every firearm as if it is loaded.
- Store ammunition and reloading components in a secure location, out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding ammunition and firearms.
- Use appropriate personal protective equipment (PPE), such as safety glasses and hearing protection, when handling firearms.
- Regularly inspect your firearms and ammunition for any signs of damage or wear.

Specific Safety Precautions for Use

- Only use the Manson Precision Rimmed Pistol Cartridge with firearms designed for .38 Super cartridges.
- Verify that the chambering reamer is compatible with your firearm's specifications before use.
- Never exceed the recommended load specifications for your firearm.
- Use only highquality components that meet SAAMI specifications for reloading.
- Be aware of the potential hazards associated with the reloading process, including the risk of misfires and accidental discharge.
- Keep the work area clean and organized to prevent accidents.
- Avoid distractions while handling ammunition and firearms.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components for reloading, including the Manson Precision Rimmed Pistol Cartridge.
- Ensure your workspace is wellventilated and free from clutter.

2. Chambering:

- Carefully insert the chambering reamer into the firearm's chamber, ensuring it is aligned correctly.
- Follow the manufacturer's instructions for proper depth and angle of reaming.

3. Reloading:

- Measure and prepare your components according to your load specifications.
- Fill the cartridge cases with the appropriate powder charge, ensuring you do not exceed the maximum recommended load.
- Seat the bullets firmly in the cases, ensuring they are properly aligned.

4. Final Inspection:

- Inspect each cartridge for proper assembly and check for any defects.
- Store completed cartridges in a secure and labeled container.

5. Usage:

- When ready to fire, ensure the firearm is pointed in a safe direction.
- Load the cartridges into the firearm according to the manufacturer's guidelines.

Disposal Instructions

- Dispose of any unused or damaged cartridges according to local regulations.
- Do not discard cartridges in regular waste; consult your local waste management authority for proper disposal methods.
- Ensure that any reloading components that are no longer usable are disposed of safely and responsibly.

Contact Information for Further Support

For any safety inquiries or further information regarding the Manson Precision Rimmed Pistol Cartridge, please refer to the manufacturer's website or contact your local firearms dealer. Always ensure you have the latest safety updates and product recalls.

Conclusion

By following these safety instructions and guidelines, you can help ensure a safe and enjoyable experience with the RIMMED PISTOL CARTRIDGES MANSON PRECISION RIMMED PISTOL CARTRIDGE, .38 SUPER NONTE FINISHER. Always prioritize safety and compliance with local regulations when handling firearms and ammunition. Thank you for your attention to safety.
