

# NOWLIN CHAMBER REAMERS - MANSON PRECISION 45 ACP RIMLESS PISTOL REAMER

[Gunsmith Tools](#) > [Barrel Tools](#) > [Reamers](#) > [Centerfire Reamers](#)

## Fits Nowlin Tight Bore Barrels

Specially ground, reduced-diameter pilots fit the tighter bore specifications used on all Nowlin barrels. Will also provide a satisfactory fit in most other brands of barrels. Each smooth-cutting, six-flute reamer is precision ground with an integral throater and solid, fixed pilot.

# NOWLIN CHAMBER REAMERS MANSON PRECISION 45 ACP RIMLESS PISTOL REAMER Safety Instruction Guide

## Introduction

Thank you for choosing the Nowlin Chamber Reamers Manson Precision 45 ACP Rimless Pistol Reamer. This guide provides essential safety information to ensure the safe use of this product. It is important to read and understand these instructions before using the reamer.

## General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE), including safety goggles and gloves, when using the reamer.
- Ensure that the workspace is clean, welllit, and free from any obstructions.
- Keep the reamer out of reach of children and unauthorized individuals.
- Be aware of the potential hazards associated with the use of this product, including sharp edges and the risk of injury.
- Regularly inspect the reamer for any signs of damage or wear before use.
- Follow all local regulations and guidelines regarding the use and handling of reaming tools.

## Specific Safety Precautions for Use

- Use the reamer only for its intended purpose, which is to ream chambers in firearms.
- Ensure that the firearm is unloaded and safe before using the reamer.
- Always secure the workpiece properly to prevent movement during reaming.
- Avoid excessive force when using the reamer. Allow the tool to do the work.
- Do not use the reamer if you are tired or under the influence of drugs or alcohol.
- If you experience any discomfort or pain while using the tool, stop immediately and assess the situation.

## Instructions for Installation and Usage

- Before using the reamer, ensure that it is compatible with the bore specifications of your firearm.
- Secure the reamer in a suitable drill or reaming machine with a 3/8" (6.3mm) square drive shank.
- Align the reamer with the chamber of the firearm, ensuring it is perpendicular to the bore.
- Start the drill at a low speed to ensure smooth cutting. Gradually increase the speed as needed.
- Use a cutting lubricant to facilitate smoother operation and prolong the life of the reamer.
- After reaming, carefully remove the reamer from the chamber and clean it thoroughly to remove any debris or residue.

## Disposal Instructions

- Dispose of the reamer in accordance with local regulations regarding metal tools and hazardous materials.
- Do not throw the reamer in regular trash. Instead, consider recycling options available in your area.
- If the reamer is damaged beyond repair, ensure it is rendered unusable before disposal to prevent accidents.

## Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of the Nowlin Chamber Reamers Manson Precision 45 ACP Rimless Pistol Reamer, please refer to the contact information provided by the manufacturer or retailer.

where you purchased the product.

By following these safety instructions, you can ensure a safe and effective experience when using the Nowlin Chamber Reamers Manson Precision 45 ACP Rimless Pistol Reamer. Thank you for your attention to safety.
