General Safety Guidelines

- Always read and understand all instructions before using the product.
- Ensure that the product is used by individuals who are knowledgeable about firearms and reaming processes.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of damage or wear before use.
- Use protective equipment, such as safety glasses and gloves, when handling the reamer.
- Follow all local laws and regulations regarding the use of firearms and related tools.

Specific Safety Precautions for Use

- Ensure that the work area is clean, welllit, and free from distractions.
- Verify that the firearm is unloaded and safe before beginning any work.
- Always use the appropriate pilot diameter for the specific reaming task.
- Avoid using excessive force when operating the reamer to prevent damage and ensure accuracy.
- Do not exceed the manufacturer's recommended speeds and feeds for cutting.
- Be aware of the potential hazards associated with metal shavings and debris during the reaming process. Clean the work area regularly.
- If you experience any unusual resistance or binding during use, stop immediately and inspect the reamer for issues.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials before starting.
- Ensure that the reamer is compatible with the specific chambering job required.

2. Installation

- Secure the reamer in a suitable drill press or lathe, ensuring it is properly aligned.
- Confirm that the pilot is correctly fitted and that the reamer is stable.

3. Usage

- Begin reaming at a slow speed, gradually increasing as necessary for the material being worked on.
- Maintain a steady, even pressure while reaming, ensuring not to force the tool.
- Monitor the progress regularly and check for any signs of overheating or wear.
- After completing the reaming process, remove the reamer carefully and clean it to remove any debris.

Disposal Instructions

- Dispose of the product in accordance with local regulations for metal and tools.
- Ensure that any damaged or unusable parts are disposed of safely to prevent injury.
