Determine Correct Headspace

MANSON PRECISION RIMLESS CARTRIDGE HEADSPACE GAUGES The Manson Precision Rimless Cartridge Headspace Gauges enable gunsmiths and firearm enthusiasts to verify the headspace of rimless cartridges, ensuring firearms are safe to fire. Proper headspace is critical for reliable chambering, ignition, and extraction of cartridges, preventing potential malfunctions or safety hazards. These gauges are essential for chambering new barrels, performing routine maintenance, or evaluating used firearms. Key Features:

Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements.

Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms.

Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments.

Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style

Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Manson Precision Rimless Cartridge Headspace Gauges for their precision and reliability.

The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs.

The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Manson Precision Rimless Cartridge Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [MANSON PRECISION 280 ACKLEY IMPROVED GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [MANSON PRECISION](#)
- Product no.: 513100015
- Mfr. No.: NONE
- Cartridge: 280 Ackley Improved
- Colour: Steel
- Height: 2"
- Length: 2"
- Material: Steel
- Model Number: 280 Ackley Improved NO GO
- Style: Go Gauge
- Weight: 0.2 lbs
- Width: 2"
- Delivery weight: 0.045kg
- Shipping height: 1mm
- Shipping width: 57mm
- Shipping length: 89mm

MANSON PRECISION 280 ACKLEY IMPROVED GO GAUGE HEADSPACE GAUGE STEEL Safety

Instruction Guide

Introduction

Thank you for choosing the RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 280 ACKLEY IMPROVED GO GAUGE HEADSPACE GAUGE STEEL. This guide provides essential safety instructions and usage guidelines to ensure safe operation and handling of the product. Please read this document thoroughly before use.

General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's specifications.
- Always handle firearms and related equipment with care and responsibility.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the gauge for any signs of wear or damage before each use.
- Do not mix different brands of headspace gauges, as this can lead to inaccurate measurements.
- Always follow local laws and regulations regarding firearms and ammunition.

Specific Safety Precautions for Use

- Always use the GO gauge to determine the minimum chamber depth recommended by SAMMI.
- If using the NO/GO gauge, be aware that it is slightly longer than the SAMMI recommended depth and is intended to identify excessive chamber depth.
- Ensure that the gauge is clean and free from debris before use to avoid inaccurate readings.
- Do not use the gauge if it shows signs of damage or excessive wear.
- Always wear appropriate safety gear, such as eye protection, when using firearms.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and in a safe condition before measuring headspace.
- Gather all necessary tools and equipment, including the headspace gauge and any required cleaning supplies.

2. Using the GO Gauge:

- Insert the GO gauge into the chamber of the firearm.
- Ensure that the gauge fits snugly but can be easily removed.
- If the gauge fits properly, the chamber depth is within the SAMMI specifications.

3. Using the NO/GO Gauge:

- Insert the NO/GO gauge into the chamber after confirming the GO gauge fits correctly.
- If the NO/GO gauge does not fit, the chamber is deemed safe.
- If the NO/GO gauge fits, it indicates excessive chamber depth and may signify an unsafe condition.

4. PostUse Care:

- Clean the gauge after each use to maintain its precision and longevity.
- Store the gauge in a safe, dry place away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of any worn or damaged gauges in accordance with local regulations.
- Do not throw the gauge in regular household waste; instead, look for a recycling program that accepts metal tools.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the manufacturer's contact information provided with your product.

By following the guidelines in this instruction manual, you can ensure safe and effective use of the RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 280 ACKLEY IMPROVED GO GAUGE HEADSPACE GAUGE STEEL. Thank you for prioritizing safety in your firearm practices.
