Determine Correct Headspace

MANSON PRECISION RIMLESS CARTRIDGE HEADSPACE GAUGES The Manson Precision Rimless Cartridge Headspace Gauges enable gunsmiths and firearm enthusiasts to verify the headspace of rimless cartridges, ensuring firearms are safe to fire. Proper headspace is critical for reliable chambering, ignition, and extraction of cartridges, preventing potential malfunctions or safety hazards. These gauges are essential for chambering new barrels, performing routine maintenance, or evaluating used firearms. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Manson Precision Rimless Cartridge Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Manson Precision Rimless Cartridge Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [MANSON PRECISION 30-06 SPRINGFIELD FAMILY GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [MANSON PRECISION](#)
- Product no.: 513100310
- Mfr. No.: G03006SPR
- Cartridge: 270 Winchester, 30-06 Springfield, 35 Whelen
- Colour: Steel
- Height: 2"
- Length: 2"
- Material: Steel
- Model Number: 30-06 Springfield GO
- Style: Go Gauge
- Weight: 0.2 lbs
- Width: 2"
- Delivery weight: 0.041kg
- Shipping width: 57mm
- Shipping length: 89mm

RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 3006 SPRINGFIELD FAMILY GO GAUGE HEADSPACE GAUGE STEEL Safety Instruction Guide

Introduction

Thank you for choosing the RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 3006 SPRINGFIELD FAMILY GO GAUGE HEADSPACE GAUGE STEEL. This guide provides essential safety instructions to ensure the safe use of this product. Please read this document carefully before using the gauge.

General Safety Guidelines

- **Product Safety:** Always ensure that the gauge is used in accordance with the manufacturer's instructions to avoid any risks associated with improper use.
- **Enhanced Recalls:** Be aware of any recall notices associated with this product. If you receive notification of a recall, follow the instructions provided.
- **Online Shopping:** When purchasing this product online, ensure that you are buying from a reputable source that complies with EU safety regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, refer to the manufacturer's contact information provided with your product.
- **Rapid Alerts:** Stay informed about product safety updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always use the gauge for its intended purpose: checking the headspace of firearms.
- Do not mix brands of headspace gauges as this can lead to inaccurate readings.
- Ensure that the gauge is clean and free of debris before use.
- Inspect the gauge for any signs of damage or wear before each use. Do not use a damaged gauge.
- If you are unsure about using the gauge, consult a qualified gunsmith or firearms expert.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have the correct gauge for your specific firearm caliber.
- Gather necessary tools, including a cleaning cloth and any required equipment for measuring headspace.

2. Using the GO Gauge:

- Insert the GO gauge into the firearm's chamber.
- The gauge should fit snugly without excessive force. If it does not fit, consult a professional.
- Check the chamber depth against the gauge. A proper fit indicates that the firearm is safe to fire.

3. Using the NO/GO Gauge:

- Insert the NO/GO gauge into the chamber in the same manner as the GO gauge.
- If the NO/GO gauge fits, this indicates excessive chamber depth and an unsafe condition. Do not

use the firearm if the NO/GO gauge fits.

4. PostUse:

- Clean the gauge after use to maintain its precision and longevity.
- Store the gauge in a safe, dry place away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the gauge is damaged beyond repair, follow local guidelines for disposing of metal products.

Contact Information for Further Support

For any questions regarding the use or safety of this product, please refer to the manufacturer's contact information provided with your product packaging.

By following these guidelines, you can ensure the safe and effective use of the RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 3006 SPRINGFIELD FAMILY GO GAUGE HEADSPACE GAUGE STEEL. Always prioritize safety and consult professionals when in doubt.
