## Determine Correct Headspace

MANSON PRECISION RIMLESS CARTRIDGE HEADSPACE GAUGES The Manson Precision Rimless Cartridge Headspace Gauges enable gunsmiths and firearm enthusiasts to verify the headspace of rimless cartridges, ensuring firearms are safe to fire. Proper headspace is critical for reliable chambering, ignition, and extraction of cartridges, preventing potential malfunctions or safety hazards. These gauges are essential for chambering new barrels, performing routine maintenance, or evaluating used firearms. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Manson Precision Rimless Cartridge Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Manson Precision Rimless Cartridge Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

## Attributes

- Name: [MANSON PRECISION 300 REMINGTON ULTRA MAGNUM GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [MANSON PRECISION](#)
- Product no.: 513100314
- Mfr. No.: NONE
- Cartridge: 300 Remington Ultra Magnum
- Colour: Steel
- Height: 2"
- Length: 2"
- Material: Steel
- Model Number: 300 Rem Ultra Magnum GO
- Style: Go Gauge
- Weight: 0.2 lbs
- Width: 2"
- Delivery weight: 0.073kg
- Shipping height: 1mm
- Shipping width: 57mm

- Shipping length: 89mm

# Safety Instruction Guide for RIMLESS CARTRIDGE HEADSPACE GAUGES MANSON PRECISION 300 REMINGTON ULTRA MAGNUM GO GAUGE

## Introduction

Thank you for choosing the RIMLESS CARTRIDGE HEADSPACE GAUGES by Manson Precision. This guide provides essential safety instructions to ensure the proper and safe use of this product. Please read this document carefully and keep it for future reference.

## General Safety Guidelines

- Ensure that all users are familiar with the product and its operation.
- Always follow the manufacturer's instructions for use and maintenance.
- Regularly inspect the gauge for any signs of wear or damage before use.
- Store the gauge in a safe, dry place, away from moisture and extreme temperatures.
- Keep out of reach of children and vulnerable individuals.

## Specific Safety Precautions for Use

- Always use the correct gauge for the specific caliber to avoid inaccurate readings.
- Do not mix and match brands of headspace gauges, as this may lead to tolerance stacking and incorrect measurements.
- Ensure that the firearm is unloaded before using the gauge.
- Never attempt to fire a firearm without ensuring it is safe and properly measured with the headspace gauge.
- If you are unsure about the gauge's accuracy or the firearm's safety, consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools, including the headspace gauge.

### 2. Using the GO Gauge:

- Insert the GO gauge into the chamber of the firearm.
- The gauge should fit snugly without excessive force. If it does not fit, do not attempt to fire the firearm.

### 3. Using the NO/GO Gauge:

- After confirming the GO gauge fits properly, insert the NO/GO gauge.
- If the NO/GO gauge fits, this indicates excessive chamber depth, and the firearm should not be fired.

### 4. Post Usage:

- Clean the gauge after use to remove any debris or residue.
- Store the gauge in its protective case to prevent damage.

## **Disposal Instructions**

- Dispose of the product according to local regulations for metal and steel products.
- Do not dispose of the gauge in regular household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the RIMLESS CARTRIDGE HEADSPACE GAUGES, please refer to the manufacturer's contact details provided with the product packaging.

By following these guidelines, you can ensure the safe and effective use of your RIMLESS CARTRIDGE HEADSPACE GAUGES. Thank you for prioritizing safety in your shooting practices.
