

BELTED MAGNUM CARTRIDGE HEADSPACE GAUGES - MANSON PRECISION NO GO HEADSPACE GAUGE FOR BELTED MAGNUM CARTRIDGES

[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Determine Correct Headspace

With the exception of the .240 Weatherby Magnum, most belted, magnum cartridges are based on the .375 H&H Magnum case. Therefore, they all use the same headspace gauges. The following is a partial listing of those cartridges which use the same Belted Magnum Headspace Gauges: .257 Weatherby Mag., 6.5 Rem. Mag., .264 Win. Mag., .270 Weatherby Mag., 7mm Rem. Mag., 7mm Weatherby Mag., 7mm STW, .300 H&H Mag., .300 Weatherby Mag., .300 Win. Mag., .30-.338 Win. Mag., .308 Norma Mag., 8mm Rem., .338 Win. Mag., .340 Weatherby Mag., .350 Rem. Mag., .358 Norma Mag., .375 H&H Mag., .416 Rem. Mag., .458 Win. Mag.

MIXING AND MATCHING BRANDS OF HEADSPACE GAUGES - Don't do it!! That's the short answer, here's why. It boils down to tolerance stacking. Each Headspace Gauge manufacturer works within a range specified by SAAMI. Manufacturer "A" may work at the high end of the range while Manufacturer "B's" gauges are in the middle of the tolerance range. Mixing the two could give an inaccurate reading. By sticking with one brand within a particular caliber, you will eliminate a variable. If you have a Forster, .308 GO gauge, get a Forster, .308 NO GO. Use Clymer with Clymer and Manson Precision with Manson Precision, etc. You can use any brand of headspace gauge with any other brand of chambering reamer. e.g. Forster Headspace Gauges with Clymer Reamers, Manson Precision Gauges with JGS Reamers, etc.

Attributes

- Name: [MANSON PRECISION NO GO HEADSPACE GAUGE FOR BELTED MAGNUM CARTRIDGES](#)
- Manufacturer: [MANSON PRECISION](#)
- Product no.: 513100321
- Mfr. No.: NGBLT
- Cartridge: Belted Magnums
- Colour: Steel
- Material: Steel
- Model Number: NO GO Belted Magnum
- Style: Go Gauge
- Delivery weight: 0.023kg
- Shipping height: 1mm
- Shipping width: 57mm
- Shipping length: 89mm

Safety Instruction Guide for BELTED MAGNUM CARTRIDGE HEADSPACE GAUGES

Introduction

Thank you for choosing the BELTED MAGNUM CARTRIDGE HEADSPACE GAUGES from Manson Precision. This guide provides essential safety instructions to ensure the safe and effective use of your headspace gauges. Please read this document carefully to familiarize yourself with the safety guidelines and proper usage.

General Safety Guidelines

- **Product Safety:** Ensure safe use of this product by following all instructions. This product is designed for nonfood use and should be handled with care.
- **Enhanced Recalls:** Stay informed about potential recalls. If you receive notice of a recall, follow the instructions provided for a remedy.
- **Online Shopping:** When purchasing online, ensure the seller complies with safety requirements. Verify the product's safety information before purchase.
- **Special Consumer Focus:** Extra care should be taken when this product is used by or around vulnerable groups, including children.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by the seller or manufacturer.
- **Rapid Alerts:** Be aware of updates regarding unsafe products through the EU Safety Gate system.

Specific Safety Precautions for Use

- **Avoid Mixing Brands:** Do not mix headspace gauges from different manufacturers. Using gauges from Manufacturer "A" with those from Manufacturer "B" can result in inaccurate readings due to tolerance stacking.
- **Use Compatible Gauges:** Stick to one brand for each caliber. For example, if you have a Forster .308 GO gauge, use a Forster .308 NO GO gauge.
- **Follow Manufacturer Instructions:** Always adhere to the specific instructions provided by Manson Precision for the safe use of their gauges.
- **Inspect Before Use:** Always inspect the gauges for any signs of damage or wear before using them. Do not use damaged gauges.
- **Store Properly:** Keep your gauges in a safe, dry place when not in use to prevent damage.

Instructions for Installation and Usage

- **Preparation:** Before using the headspace gauge, ensure that your workspace is clean and free from any obstructions.
- **Using the Gauge:**
 1. Select the appropriate headspace gauge for the cartridge you are working with.
 2. Insert the gauge into the chamber of the firearm.
 3. Ensure that the gauge fits snugly without excessive force. If it does not fit, do not attempt to force it.
 4. Check the reading against the specifications for that cartridge.
 5. Record your findings for future reference.
- **PostUse Care:** After use, clean the gauges as per the manufacturer's instructions to maintain their accuracy and longevity.

Disposal Instructions

- **Environmental Considerations:** Dispose of any damaged or unusable gauges in accordance with local regulations. Do not throw them in regular trash.
- **Recycling:** If possible, recycle materials according to your local recycling guidelines to minimize environmental impact.

Contact Information for Further Support

For assistance or inquiries regarding safety and usage, please refer to the contact details provided by the seller or manufacturer. Always ensure that you have the latest information regarding product safety and recalls.

By following these guidelines, you can ensure a safe and effective experience with your BELTED MAGNUM CARTRIDGE HEADSPACE GAUGES. Thank you for your attention to safety and for choosing Manson Precision products.
