Determine Correct Headspace

MANSON PRECISION RIMMED CARTRIDGE HEADSPACE GAUGE The Manson Precision Rimmed Cartridge Headspace Gauges are essential tools for gunsmiths and firearm enthusiasts, designed to accurately measure the headspace of rimmed cartridges. Proper headspace is crucial for the safe and reliable operation of firearms, and these gauges ensure that your firearm's chamber dimensions are within the specified tolerances. Key Features: Precision Measurement: Crafted to exacting standards, these gauges provide accurate headspace measurements for rimmed cartridges, ensuring optimal firearm performance. Durable Construction: Made from M7 high-speed steel, these gauges are hardened and finished in-the-white, offering long-lasting durability and resistance to wear. Compatibility: Designed to be used with corresponding brands, it's recommended to use Manson Precision gauges with Manson Precision reamers to maintain consistency and accuracy in measurements. Specifications: Material: M7 high-speed steel Finish: In-the-white Cartridge Compatibility: Available for various rimmed cartridges; specific options can be selected based on your requirements. Customer Insights: Users have rated the Manson Precision Rimmed Cartridge Headspace Gauges highly, with an average rating of 5.0 out of 5. Customers appreciate the precision and quality of these gauges, noting their importance in ensuring firearm safety and functionality. Incorporating the Manson Precision Rimmed Cartridge Headspace Gauges into your gunsmithing toolkit provides you with reliable and accurate tools to maintain and verify the headspace of your rimmed cartridge firearms, promoting safety and performance.

Attributes

- Name: [MANSON PRECISION NO GO GAUGE 9X23 FITS 9MM LUGER STEEL](#)
- Manufacturer: [MANSON PRECISION](#)
- Product no.: 513100341
- Mfr. No.: NG9MMLUG
- Cartridge: 9 mm Luger
- Colour: Steel
- Height: 0.39"
- Length: 0.9"
- Material: Steel
- Model Number: No Go 9x23 9mm Luger
- Style: No Go Gauge
- Weight: 0.1 lbs
- Width: 0.39"
- Delivery weight: 0.009kg
- Shipping width: 57mm
- Shipping length: 89mm

RIMMED/RIMLESS PISTOL/RIMMED RIFLE CARTRIDGE HEADSPACE GAUGES MANSON PRECISION NO GO GAUGE 9X23 FITS 9MM LUGER STEEL Safety Instruction Guide

Introduction

Thank you for choosing the Manson Precision No Go Gauge for your firearm needs. This guide provides essential safety instructions and guidelines to ensure the safe use of your headspace gauge. It is crucial to follow these instructions carefully to maintain safety and performance.

General Safety Guidelines

- Always ensure that the firearm is unloaded before using the headspace gauge.
- Store the gauge in a safe and secure location, out of reach of children.
- Use the gauge only for its intended purpose as specified in this guide.
- Regularly inspect the gauge for any signs of wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Tolerance Stacking:** Do not mix and match brands of headspace gauges. Using gauges from different manufacturers can lead to inaccurate readings due to varying tolerances.
- **Proper Usage:** Use the No Go gauge to verify the maximum chamber depth. If the gauge does not fit, the chamber is within safe limits. If it does fit, consult a qualified gunsmith for further evaluation.
- **Safety Margin:** Understand that the No Go gauge is designed to be slightly shorter than the SAMMI recommended measurement to provide a safety margin. Always prioritize safety over convenience.
- **Target Audience:** This product is intended for use by experienced firearm owners and gunsmiths. Ensure that you have the necessary knowledge and skills before using this gauge.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded.
- Clean the chamber of the firearm to remove any debris or obstructions.

2. Using the No Go Gauge:

- Insert the No Go gauge into the chamber of the firearm.
- Gently push the gauge into the chamber. It should not fully chamber if the firearm is within safe specifications.
- If the gauge fits completely, do not use the firearm until it has been inspected by a qualified gunsmith.

3. Maintenance:

- After use, clean the gauge with a soft cloth to remove any dirt or oil.
- Store the gauge in its original case or a safe place to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn gauges responsibly. Check local regulations for proper disposal methods for metal products.
- Do not throw the gauge in regular household waste if it is damaged. Instead, contact local authorities for guidance on disposal.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to your local distributor or manufacturer's website for contact details.

By following this safety instruction guide, you can ensure the safe and effective use of your Manson Precision No Go Gauge. Always prioritize safety and consult professionals when in doubt. Thank you for your attention to these important safety measures.
