# ULTRASONIC CLEANING SOLUTIONS L&R MFG CLEANING SOLUTION FOR HCS200, 8 OZ. Safety Instruction Guide

## Introduction

Thank you for choosing the ULTRASONIC CLEANING SOLUTIONS L&R MFG CLEANING SOLUTION FOR HCS200. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read the entire guide carefully before using the cleaning solution.

## General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the instructions provided.
- Keep the product out of reach of children and pets.
- Store the cleaning solution in a cool, dry place, away from direct sunlight and heat sources.
- Do not mix this cleaning solution with other chemicals or cleaning agents unless specified.
- If you experience any adverse reactions or symptoms, discontinue use immediately and seek medical advice.
- Regularly check for updates on product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as gloves and safety goggles when handling the cleaning solution.
- Use the cleaning solution in a wellventilated area to avoid inhalation of fumes.
- Avoid contact with skin and eyes. In case of contact, rinse thoroughly with water and seek medical attention if irritation persists.
- Do not ingest the cleaning solution. If swallowed, seek medical attention immediately.
- Keep the cap tightly closed when not in use to prevent spills and contamination.
- Dispose of any leftover cleaning solution according to local regulations for hazardous waste.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the HCS200 Ultrasonic Cleaning System is clean and free from residues.
- Gather all necessary equipment, including gloves and goggles.

### 2. Dilution:

- For optimal cleaning results, dilute the cleaning solution as recommended by the HCS200 user manual.

### 3. Filling the Ultrasonic Cleaner:

- Fill the ultrasonic cleaner tank with the diluted cleaning solution, ensuring not to exceed the maximum fill line.

### 4. Operating the Ultrasonic Cleaner:

- Place the items to be cleaned in the ultrasonic cleaner basket.
- Set the desired cleaning time and temperature according to the user manual.

- Start the ultrasonic cleaning process.

#### **5. PostCleaning:**

- After the cleaning cycle is complete, carefully remove the items from the basket.
- Rinse the items with clean water to remove any residual cleaning solution.
- Allow the items to dry completely before use.

## **Disposal Instructions**

- Dispose of any unused cleaning solution in accordance with local hazardous waste disposal regulations.
- Do not pour the cleaning solution down the drain or in the environment.
- Check local guidelines for specific disposal instructions to ensure compliance.

## **Contact Information for Further Support**

For questions or concerns regarding the ULTRASONIC CLEANING SOLUTIONS L&R MFG CLEANING SOLUTION FOR HCS200, please refer to the product packaging or visit the manufacturer's website for additional support and information.

By following these safety instructions, you can ensure the safe and effective use of the ULTRASONIC CLEANING SOLUTIONS L&R MFG CLEANING SOLUTION FOR HCS200. Thank you for your attention to safety!
