LEWIS LEAD REMOVER SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Lewis Lead Remover Kit for 45 Caliber from Brownells. This product is designed to effectively remove lead fouling from your pistol, ensuring optimal accuracy and performance. To ensure your safety and the proper use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that you read and understand all instructions before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose as described in this manual.
- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the kit.
- Inspect the product for any damage or wear before each use. Do not use if damaged.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Lead exposure can be harmful. Avoid direct contact with lead and lead residues.
- The use of sharp tools may pose a risk of cuts or punctures. Handle all components with care.

- **Avoiding Hazards:**

- Always work in a wellventilated area to minimize inhalation of dust or fumes.
- Wash hands thoroughly after using the product to remove any lead residues.
- Do not eat, drink, or smoke while using the product to avoid ingestion of lead particles.
- Follow all disposal instructions to safely handle lead waste.

- **AgeSpecific Warnings:**

- This product is not suitable for use by individuals under the age of 18 without adult supervision.

Instructions for Installation and Usage

- **Components of the Kit:**

- Handle
- Cone tip
- Rubber tip
- Specially woven brass patches
- Complete instructions

- **Installation:**

1. Choose the appropriate tip (cone or rubber) based on your cleaning needs.
2. Attach the selected tip securely to the handle. Ensure it is fastened properly to avoid detachment during use.

- **Usage Instructions:**

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Insert the cone tip into the barrel and gently push it through to remove lead fouling.
3. Use the rubber tip for delicate areas or where less abrasion is needed.
4. For best results, use with JB Bore Cleaner to achieve a leadfree barrel.
5. After cleaning, remove the tip and clean the components according to disposal instructions.

- **PostUse Care:**

- Clean all components of the kit after use to prevent lead contamination.
- Store the kit in a cool, dry place away from children and pets.

Disposal Instructions

- Dispose of lead residues and used patches in accordance with local regulations regarding hazardous waste.
- Do not dispose of lead materials in regular household waste.
- Check with local authorities for specific guidelines on lead disposal.

Contact Information for Further Support

For any questions or concerns regarding the Lewis Lead Remover Kit, please refer to the manufacturer's website or customer service for assistance. Always ensure that you have the latest information on product safety and usage.

By following these guidelines, you can safely and effectively use the Lewis Lead Remover Kit to maintain the performance of your firearm. Thank you for prioritizing safety and responsible use.
