

LEWIS LEAD REMOVER - BROWNELLS LEWIS LEAD REMOVER ADAPTER KIT, 32 CALIBER

[Gun Cleaning & Chemicals](#) > [Patches & Mops](#) > [Lead Remover](#)

Traditional - And Still The Best Mechanical Deleader

Lead fouling can build up in the forcing cone, barrel, and chamber of a pistol, ruining accuracy completely. The Lewis Lead Remover is the single best way to remove all leading easily, plus will not damage the gun in any way. Used and endorsed by the nation's top shooters. Use with J-B Bore Cleaner for the cleanest, lead-free barrel ever!

Safety Instruction Guide for LEWIS LEAD REMOVER BROWNELLS LEWIS LEAD REMOVER 32 CALIBER ADAPTER KIT

Introduction

Thank you for purchasing the Lewis Lead Remover 32 Caliber Adapter Kit by Brownells. This product is designed to effectively remove lead fouling from your firearm while ensuring safety and maintaining the integrity of your gun. Please read this safety instruction guide carefully before using the product to ensure safe and effective use.

General Safety Guidelines

- Always handle firearms safely and responsibly.
- Ensure the firearm is unloaded before using the lead remover.
- Store the lead remover kit in a safe place, out of reach of children.
- Follow all local laws and regulations regarding firearm maintenance and safety.
- Regularly check for product recalls or safety alerts on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the lead remover kit only for its intended purpose – removing lead from firearms.
- Do not use the product if any components are damaged or missing.
- Wear safety goggles to protect your eyes from debris during use.
- Use gloves to protect your hands from lead exposure.
- Ensure proper ventilation when using the lead remover in enclosed spaces.
- Keep the product away from heat sources and open flames.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded.
- Gather all components of the lead remover kit: handle, cone tip, rubber tip, brass patches, and instructions.

2. Assembly

- Attach the cone tip or rubber tip to the handle securely.
- Ensure the connection is tight to avoid any disassembly during use.

3. Application

- Insert the assembled lead remover into the firearm's barrel.
- Use a backandforth motion to gently scrub the barrel, applying consistent pressure.
- Use the specially woven brass patches to wipe away lead residue.
- Repeat the process until the barrel is clean.

4. PostUse Care

- After cleaning, remove the lead remover from the barrel.
- Clean the lead remover components according to the provided instructions.

- Store the kit in a safe and dry place.

Disposal Instructions

- Dispose of used brass patches and any lead residue according to local hazardous waste disposal regulations.
- Do not throw away any component of the lead remover kit in regular trash.
- Check with local waste management authorities for proper disposal methods for leadcontaining materials.

Contact Information for Further Support

For any inquiries or support regarding the use of the Lewis Lead Remover, please reach out to the designated EU contact point provided with your product packaging. They will assist you with any safety concerns or questions.

By following these guidelines, you can ensure the safe and effective use of the Lewis Lead Remover 32 Caliber Adapter Kit. Thank you for prioritizing safety in your firearm maintenance.
