

# LEWIS LEAD REMOVER - BROWNELLS LEWIS LEAD REMOVER BRASS PATCHES, 30-32 CALIBER 10 PACK

[Gun Cleaning & Chemicals](#) > [Patches & Mops](#) > [Lead Remover](#)

## Traditional - And Still The Best Mechanical Deleader

Lead fouling can build up in the forcing cone, barrel, and chamber of a pistol, ruining accuracy completely. The Lewis Lead Remover is the single best way to remove all leading easily, plus will not damage the gun in any way. Used and endorsed by the nation's top shooters. Use with J-B Bore Cleaner for the cleanest, lead-free barrel ever!

# Safety Instruction Guide for LEWIS LEAD REMOVER

## Introduction

Thank you for choosing the Lewis Lead Remover by Brownells. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read the entire guide carefully before using the product.

## General Safety Guidelines

- Always use the Lewis Lead Remover in a wellventilated area to avoid inhalation of any lead particles.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- Follow all local regulations regarding the handling and disposal of lead materials.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Avoid Skin Contact:** Wear protective gloves to prevent skin contact with lead and cleaning materials.
- **Eye Protection:** Always wear safety goggles to protect your eyes from debris.
- **Inhalation Risk:** Do not use in enclosed spaces without proper ventilation. Consider using a mask if necessary.
- **Proper Handling:** Do not force the product into the barrel or chamber. Use gentle pressure to avoid damage.
- **Disposal of Patches:** Dispose of used brass patches and lead residues according to local hazardous waste regulations.

## Instructions for Installation and Usage

### 1. Preparation:

- Make sure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary components: handle, cone tip, rubber tip, and brass patches.

### 2. Installation:

- Attach the cone tip or rubber tip to the handle securely.
- Ensure that the connection is tight to prevent any disconnection during use.

### 3. Usage:

- Insert the appropriate tip into the barrel.
- Use a brass patch and apply a small amount of JB Bore Cleaner to it.
- Gently push the patch through the barrel using the handle, ensuring even pressure.
- Repeat the process until the barrel is free of lead fouling.
- After cleaning, remove the patch and inspect the barrel for any remaining lead.

### 4. PostUse Care:

- Clean all components of the Lewis Lead Remover after use.
- Store the product in a dry, cool place away from children and pets.

## **Disposal Instructions**

- Dispose of used brass patches and any lead residues according to local regulations for hazardous waste.
- Do not throw away the product in regular household waste.
- Check with local authorities for specific disposal guidelines related to lead materials.

## **Contact Information for Further Support**

For any inquiries regarding safety or product usage, please refer to your local regulatory authority or the product's manufacturer. It is essential to have access to support for any safety concerns or questions you may have.

Thank you for following these safety guidelines. Your safety is our priority.
