# Safety Instruction Guide for the Lewis Lead Remover

## Introduction

Thank you for choosing the Lewis Lead Remover by Brownells. This product is designed to effectively remove lead fouling from your firearm, ensuring optimal performance and accuracy. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always use the Lewis Lead Remover in a wellventilated area to avoid inhaling any lead particles.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product before each use to ensure it is in good condition.
- Do not use the product if it appears damaged or worn.
- Always wear appropriate safety gear, including gloves and safety goggles, when using the Lewis Lead Remover.
- Follow all local laws and regulations regarding the use and disposal of lead materials.

## Specific Safety Precautions for Use

- Ensure your firearm is unloaded before using the Lewis Lead Remover.
- Do not use the product on firearms that are not specifically designed for lead removal.
- Avoid contact with skin and eyes. In case of contact, rinse thoroughly with water.
- Do not use excessive force when using the product to prevent damage to the firearm.
- If you experience any adverse reactions while using the product, discontinue use immediately and seek medical attention.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather all components of the Lead Remover Kit: handle, cone tip, rubber tip, brass patches, and instructions.

### 2. Installation:

- Attach the cone tip or rubber tip to the handle securely.
- Ensure that the attachment is tight and does not wobble.

### 3. Usage:

- Insert the tip into the barrel of the firearm.
- Gently twist and pull the handle to remove lead fouling.
- Use the specially woven brass patches to clean the barrel thoroughly.
- For best results, use in conjunction with JB Bore Cleaner.
- Repeat the process until the barrel is free of lead.

### 4. PostUsage:

- Clean the components of the Lead Remover Kit after each use.
- Store the product in a cool, dry place, away from direct sunlight.

## **Disposal Instructions**

- Dispose of used brass patches and any lead residue according to local regulations.
- Do not dispose of lead materials in regular household waste.
- Check with local waste management authorities for proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Lewis Lead Remover, please reach out to the designated EU contact point provided on the product packaging or manual.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience while using the Lewis Lead Remover. Always prioritize safety and compliance with local regulations. Thank you for your attention to these guidelines, and enjoy using your Lewis Lead Remover for a cleaner, leadfree firearm.
