For Precision Alignment When Marking Barrels

LA BOUNTY STEEL STAMP GUIDE The LA BOUNTY Steel Stamp Guide is a precision tool designed to ensure that individual steel stamps are aligned accurately, resulting in straight and evenly spaced characters when marking caliber designations on firearm barrels. This guide is essential for gunsmiths aiming for professional-grade markings on their projects. **Description and Features:** Crafted from durable aluminum with steel U-bolt and hardware, the guide measures 2-3/8 inches in length, 3-1/4 inches in width, and 1-1/2 inches in height. It accommodates barrels up to 1-3/8 inches in diameter and accepts 1/4-inch square stamps with character sizes of 1/16, 3/32, or 1/8 inches. Allen head screws allow for precise adjustment of character spacing, ensuring professional-looking results. A machined port provides an unobstructed view of the first stamp head, facilitating correct positioning on the workpiece before tapping with a hammer. **Specifications:** Material: Aluminum body with steel U-bolt and hardware Dimensions: 2-3/8 inches (6 cm) long x 3-1/4 inches (8.2 cm) wide x 1-1/2 inches (3.8 cm) high Compatibility: Fits barrels up to 1-3/8 inches in diameter Stamp Size Accommodation: Accepts 1/4-inch square stamps with 1/16, 3/32, or 1/8-inch character sizes Customer Insights: Customers of the LA BOUNTY Steel Stamp Guide appreciate its ability to produce straight and evenly spaced markings, enhancing the professionalism of their work. The adjustable character spacing and clear visibility of the stamp head are highlighted as valuable features that contribute to precise and accurate stamping. Incorporating the LA BOUNTY Steel Stamp Guide into your gunsmithing toolkit ensures precise alignment and spacing of stamped characters, resulting in professional-grade caliber designations on firearm barrels.

Safety Instruction Guide for STEEL STAMP GUIDE LA BOUNTY

Introduction

Thank you for choosing the STEEL STAMP GUIDE LA BOUNTY. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before each use.
- Do not use the product if it appears to be damaged or malfunctioning.
- Follow all instructions carefully to avoid accidents or injuries.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the steel stamp guide.
- Ensure that the workpiece is securely clamped before stamping to prevent movement during use.
- Use a hammer that is appropriate for the size of the stamps and the material of the workpiece.
- Do not apply excessive force when tapping the stamp to avoid damaging the stamp or the workpiece.
- Be cautious of sharp edges on the steel stamps and the guide itself. Handle with care to avoid cuts or injuries.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials, including the STEEL STAMP GUIDE, steel stamps, a hammer, and a workpiece.
- Ensure that your workspace is clean and free of any clutter.

2. Installation

- Place the STEEL STAMP GUIDE on the workpiece where you intend to stamp.
- Adjust the Allen head screws to align the stamps according to your desired character spacing.
- Ensure that the stamps are securely placed in the guide.

3. Usage

- With the guide in position, check that the first stamp head is visible through the machined port for accurate placement.
- Once positioned correctly, use a hammer to gently tap the stamp head, applying even pressure.
- Repeat the stamping process for each character, ensuring that the spacing remains consistent.

4. PostUse Care

- After use, clean the guide and stamps to remove any debris or residue.
- Store the product in a dry place, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, consider recycling options for metal components.
- Ensure that any hazardous materials are disposed of safely and responsibly.

Contact Information for Further Support

For any safety inquiries or concerns regarding the STEEL STAMP GUIDE LA BOUNTY, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety instructions, you can ensure a safe and effective experience with your STEEL STAMP GUIDE. Thank you for your attention to these important guidelines.
