

S&W M-41 SCOPE MOUNT - LSP 7" SMITH & WESSON

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Handgun Bases](#)

Extra-Long Rails For Factory Drilled & Tapped Barrels

Lightweight, extra-long scope rail provides plenty of length so eye relief can be precisely tailored for each, individual shooter. Matches the recent, factory drilled and tapped barrels; drill and tap older barrels. Accepts all Weaver-style rings.

Safety Instruction Guide for S&W M41 Scope Mount LSP 7"

Introduction

Thank you for purchasing the S&W M41 Scope Mount LSP 7". This guide provides essential safety instructions and general information to ensure safe and effective use of the product. Please read this guide carefully before installation and use, and keep it for future reference.

General Safety Guidelines

- Always ensure that the firearm is unloaded before handling or installing the scope mount.
- Inspect the scope mount for any visible damage before use. Do not use if damaged.
- Follow all local laws and regulations regarding firearm modifications and accessories.
- Keep the scope mount and all related accessories out of reach of children and unauthorized users.
- Use the scope mount only for its intended purpose as specified in this guide.
- Report any unsafe products or accidents to the appropriate authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the scope mount is compatible with your specific model of Smith & Wesson firearm.
- Do not exceed the manufacturer's recommended weight limit for accessories mounted on the scope rail.
- Be cautious when using tools during installation to avoid injury.
- Do not modify the scope mount or its components in any way that could compromise safety.
- Regularly check the tightness of screws and fittings to ensure stability during use.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a screwdriver and any additional equipment specified in the instructions.
- Ensure you are working in a clean, dry area free from distractions.

2. Installation Steps

- Remove any existing scope or accessory from your firearm.
- Align the scope mount with the factorydrilled and tapped holes on the firearm's receiver.
- Insert screws through the scope mount into the holes and tighten securely, ensuring not to overtighten which may cause damage.
- If installing on an older barrel that is not factorydrilled, carefully drill and tap the barrel as per standard firearm safety practices. It is recommended to consult a professional gunsmith if you are unsure.
- Once installed, doublecheck that the scope mount is securely attached and does not wobble.

3. Usage

- Attach your scope using Weaverstyle rings that are compatible with the scope mount.
- Adjust the scope to ensure proper eye relief and alignment before firing.
- Test the setup at a safe shooting range to ensure stability and accuracy.

Disposal Instructions

- Dispose of any packaging materials responsibly, following local waste management regulations.
- If the scope mount is no longer needed or is damaged beyond repair, consider recycling the aluminum material if possible.
- Dispose of any nonrecyclable components in accordance with local guidelines for hazardous waste.

Contact Information for Further Support

For any questions or concerns regarding the S&W M41 Scope Mount LSP 7", please refer to the manufacturer's website or contact the retailer from whom you purchased the product for assistance.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Enjoy your shooting experience responsibly!
