

# RIFLE CASE LENGTH/HEADSPACE GAUGES - LYMAN 338 LAPUA CASE LENGTH/HEADSPACE GAUGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

To achieve the highest degree of safety and accuracy, Lyman recommends that all bottleneck rifle cases be inspected after resizing to ensure that the proper headspace dimension is maintained. The best way to check this critical dimension is with a Lyman case length/headspace gauge. The reloader simply inserts the case into the gauge to insure that it does not exceed the maximum or fall below the minimum allowable headspace. Caution: Any case found with excessive headspace should be destroyed immediately.

## Attributes

- Name: [LYMAN 338 LAPUA CASE LENGTH/HEADSPACE GAUGE](#)
- Manufacturer: [LYMAN](#)
- Product no.: 539000068
- Mfr. No.: 7990345
- Cartridge: 338 Lapua
- Delivery weight: 0.136kg
- Shipping height: 38mm
- Shipping width: 25mm
- Shipping length: 191mm
- UPC: 011516703453

# Safety Instruction Guide for Lyman 338 Lapua Case Length/Headspace Gauge

## Introduction

Thank you for choosing the Lyman 338 Lapua Case Length/Headspace Gauge. This product is designed to help ensure the safety and accuracy of your reloading process. It is essential to follow the safety guidelines and instructions provided in this manual to minimize risks associated with its use.

## General Safety Guidelines

- Always inspect your reloaded ammunition for proper dimensions before use.
- Ensure that you are using the gauge in a welllit and clean workspace.
- Store the gauge in a secure location away from children and pets.
- Regularly check for any signs of wear or damage to the gauge.
- Do not use the gauge for purposes other than those specified in this manual.

## Specific Safety Precautions for Use

- **Inspect Cases After Resizing:** It is crucial to check all bottleneck rifle cases after resizing to maintain proper headspace dimensions.
- **Use Only with Compatible Cartridges:** This gauge is specifically designed for the 338 Lapua cartridge. Do not use it with other calibers.
- **Handle with Care:** The gauge is a precision tool. Avoid dropping or mishandling it to prevent damage.
- **Caution with Excessive Headspace:** Any case found with excessive headspace should be destroyed immediately to avoid potential hazards during firing.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your workspace is clean and free from distractions.
- Gather all necessary tools and materials, including your resized cases.

### 2. Using the Gauge:

- Insert the resized case into the Lyman case length/headspace gauge.
- Check the reading to ensure that the case does not exceed the maximum or fall below the minimum allowable headspace.
- If the case does not meet the specifications, it should be discarded.

### 3. PostUse Care:

- Clean the gauge after each use to maintain accuracy.
- Store the gauge in its original packaging or a secure place to protect it from damage.

## Disposal Instructions

- Dispose of any case that is found to have excessive headspace immediately. Follow local regulations for the disposal of ammunition components.
- Ensure that the gauge is stored properly to avoid any accidents during disposal.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the Lyman 338 Lapua Case Length/Headspace Gauge, please refer to the contact information provided by the manufacturer.

By adhering to these guidelines and instructions, you can ensure a safer reloading experience. Thank you for prioritizing safety while using the Lyman 338 Lapua Case Length/Headspace Gauge.
