## A Properly Tuned Powder Funnel for Precision Reloading

The Lyman Brass Smith Pro Powder Funnel is designed for serious reloaders looking to enhance the quality and capabilities of their reloading gear over common, one-size-fits-all plastic powder funnels commonly seen on the market. The Lyman Brass Smith Pro Powder Funnel is constructed with a die-cast aluminum body that pairs up with precisely machined inserts. The design is completely static-free, meaning that reloaders won't have loose powder flakes clinging to the sides of the funnel. The specially machined inserts are also caliber-specific, allowing for more precise loading of certain cartridge cases. Inserts designed for calibers ranging from .22 to .338 Padded storage case included Included handle allows for easy use The Lyman Brass Smith Pro Powder Funnel is easy to use and can be quickly modified with caliber-specific inserts in no time at all.

# Safety Instruction Guide for Lyman Brass Smith Pro Powder Funnel

## Introduction

Thank you for choosing the Lyman Brass Smith Pro Powder Funnel. This guide provides important safety information and instructions for the proper use and maintenance of your funnel. Please read this guide carefully to ensure safe operation and optimal performance.

## General Safety Guidelines

- Always use the funnel in a wellventilated area to avoid inhalation of powder dust.
- Keep the funnel out of reach of children and pets to prevent accidental ingestion or injury.
- Store the funnel and its inserts in a safe, dry place to avoid damage or contamination.
- Inspect the funnel and inserts regularly for any signs of wear or damage before each use.
- Do not use the funnel for any purpose other than intended; it is designed specifically for reloading ammunition.

## Specific Safety Precautions for Use

- Ensure that the funnel is securely positioned over the cartridge case before pouring powder.
- Avoid overfilling the funnel to prevent spillage and potential hazards.
- Use the correct caliberspecific insert for your cartridge to ensure accurate loading and prevent accidents.
- Do not use the funnel if it is damaged or if the inserts do not fit properly.
- Always follow safe reloading practices and guidelines as outlined by your reloading equipment manufacturer.

## Instructions for Installation and Usage

### 1. Selecting the CaliberSpecific Insert

- Choose the appropriate insert for the caliber you are loading, ranging from .22 to .338.
- Ensure that the insert fits snugly into the funnel body.

### 2. Using the Funnel

- Place the funnel securely over the cartridge case.
- Pour the desired amount of powder into the funnel, ensuring that it does not overflow.
- Allow the powder to settle before removing the funnel to avoid spillage.

### 3. Cleaning and Maintenance

- Clean the funnel and inserts regularly to prevent powder residue buildup.
- Use a soft brush or cloth to remove any debris.
- Store the funnel in the padded storage case provided to protect it from damage.

## Disposal Instructions

- Dispose of any damaged or broken components according to local regulations.
- Do not dispose of the funnel in regular household waste if it is contaminated with hazardous materials.
- Check with local waste management authorities for proper disposal methods.
