Safety Instruction Guide for BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS

Introduction

Thank you for choosing the BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS (LYMAN #2 TRIM XPRESS BUSHING, 218 BEE). This product is designed to help you efficiently trim brass cases with ease and precision. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always ensure that the workspace is clean and free from obstructions before using the product.
- Use the product only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- In case of any malfunction or damage, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Ensure that the bushing is securely attached to the Case Trim Xpress system before operation.
- Always wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, when using the product.
- Keep hands and other body parts clear of the cutting area during operation to avoid injury.
- Do not attempt to modify or repair the product yourself; contact a qualified technician for repairs.
- Be cautious of sharp edges on the carbide cutter; handle with care.

Instructions for Installation and Usage

1. Installation:

- Ensure that the Case Trim Xpress system is powered off and unplugged.
- Align the bushing with the designated slot on the Case Trim Xpress system.
- Push the bushing into place until it clicks securely.
- Doublecheck that the bushing is firmly attached before proceeding.

2. Usage:

- Insert the brass case into the bushing, ensuring it is seated properly.
- Power on the Case Trim Xpress system.
- Gently push the case against the carbide cutter to begin trimming.
- Maintain a steady pressure on the case until the desired trim length is achieved.
- Once finished, power off the system and carefully remove the trimmed case.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste.
- Do not dispose of the product in household waste; check for designated recycling locations in your area.
- Ensure that all components are disposed of properly to prevent environmental harm.

Contact Information for Further Support

For any safety inquiries or support needs, please contact your local authorized dealer or manufacturer. Ensure

you have the product details on hand for reference.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using the BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS.
