Safety Instruction Guide for BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS

Introduction

Thank you for choosing the BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS, specifically the LYMAN #17 TRIM XPRESS BUSHING (8MM REM MAG). This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and follow these instructions carefully to minimize risks and ensure optimal performance.

General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Always inspect the bushings for any signs of wear or damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose, as described in this guide.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay updated on product recalls and safety alerts through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear safety glasses to protect your eyes from debris when using the product.
- **Work Area:** Ensure your workspace is clean, dry, and welllit to prevent accidents.
- **Handling:** Handle the bushings with care. Avoid dropping or mishandling them to prevent damage.
- **Cutting Safety:** When using the cutter, keep hands away from the cutting area to avoid injury.
- **Compatibility Check:** Confirm that the bushing is compatible with your specific case type before use.

Instructions for Installation and Usage

1. Installation:

- Ensure the Case Trim Xpress system is properly assembled and secured.
- Insert the bushing into the designated slot of the Case Trim Xpress system.
- Ensure the bushing is firmly in place before proceeding.

2. Usage:

- Place the brass case against the carbide cutter.
- Apply gentle pressure to the case, allowing the springloaded bushing to guide it smoothly against the cutter.
- Do not force the case; let the cutter do the work for a clean trim.
- After trimming, remove the case carefully to avoid any sharp edges.

3. PostUsage Care:

- Clean the bushing and cutter after each use to remove any brass shavings or debris.
- Store the bushings in a safe, dry place away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local waste disposal regulations.
- Recycle materials where possible to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please refer to the manufacturer's website or contact your retailer for assistance. Ensure you have the product details ready for a more efficient support experience.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective trimming experience with your BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS.
