# Safety Instruction Guide for BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS

## Introduction

Thank you for choosing the BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS, specifically designed for the LYMAN #24 TRIM XPRESS system (338 Lapua Magnum). This guide provides essential safety instructions to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure the workspace is clean and free of any hazards.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the bushings for wear or damage before each use.
- Use the product only for its intended purpose as specified in this guide.
- In case of any malfunction or unexpected behavior, discontinue use immediately.

## Specific Safety Precautions for Use

- **Risk of Injury:** The carbide cutter is sharp; handle with care to avoid cuts.
- **SpringLoaded Mechanism:** Be cautious when handling the bushings as the springloaded design can cause sudden movements.
- **Personal Protective Equipment (PPE):** Always wear safety goggles and gloves when using the product to protect against debris and sharp edges.
- **Proper Handling:** Do not attempt to disassemble or modify the bushings or the Case Trim Xpress system.
- **Avoid Overexertion:** Do not apply excessive force when trimming cases; let the tool do the work.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the Case Trim Xpress system is turned off and unplugged.
- Locate the bushing slot on the Case Trim Xpress.
- Insert the bushing firmly into the designated slot until it clicks into place.
- Verify that the bushing is securely attached before proceeding.

### 2. Usage:

- Load the brass case into the bushing, ensuring it is seated properly.
- Activate the Case Trim Xpress system.
- Gently push the case against the carbide cutter to initiate trimming.
- Allow the springloaded bushing to guide the case for a smooth cut.
- Once trimming is complete, turn off the system and remove the trimmed case.

## Disposal Instructions

- Dispose of the bushings in accordance with local regulations for electronic waste and metal products.
- Do not dispose of the bushings in regular household waste.
- If the product is damaged or no longer usable, contact local waste management for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or support, please contact your local distributor or refer to the product packaging for further assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience while using the BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS. Always prioritize safety and adhere to the guidelines provided in this manual. Thank you for your attention to these important safety measures.
