

AMMO CHECKERS SINGLE CALIBER - LYMAN AMMO CHECKER SINGLE 350 LEGEND

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Lyman's Ammo Checkers have proven to be extremely popular with reloaders since their introduction. Ammo Checkers are gauges that verify the quality and consistency of both reloaded and factory ammo. They are machined from solid aluminum and cut with custom tooling to SAAMI minimum chamber tolerances. Just drop your cartridge into the gauge and if it fits, it will chamber in your gun. Each gauge is clearly marked for caliber and is anodized in a bright orange color so that they will be easy to spot on your reloading bench.

Safety Instruction Guide for Lyman Ammo Checker Single 350 Legend

Introduction

Thank you for purchasing the Lyman Ammo Checker Single 350 Legend. This product is designed to help ensure the quality and consistency of both reloaded and factory ammunition. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always handle ammunition and reloading tools with care.
- Ensure that the Ammo Checker is used in a safe environment, free from distractions.
- Keep the Ammo Checker out of reach of children and unauthorized users.
- Regularly inspect the Ammo Checker for any signs of damage or wear before use.
- Follow all local laws and regulations regarding the use of ammunition and reloading tools.

Specific Safety Precautions for Use

- Do not use the Ammo Checker if it is damaged or shows signs of wear.
- Always wear appropriate safety gear, such as safety glasses, when handling ammunition.
- Ensure that the area is wellventilated when using ammunition or reloading tools.
- Do not force a cartridge into the gauge; if it does not fit, do not attempt to chamber it in your firearm.
- Store the Ammo Checker in a safe place when not in use to prevent unauthorized access.

Instructions for Installation and Usage

1. **Inspect the Ammo Checker:** Before using, visually inspect the Ammo Checker for any damage or defects.
2. **Identify the Caliber:** Ensure that you are using the correct gauge for your cartridge. Each gauge is marked for caliber.
3. **Insert the Cartridge:**
 - Hold the Ammo Checker securely on a flat surface.
 - Take the cartridge you wish to check and gently drop it into the gauge.
4. **Check for Fit:**
 - If the cartridge fits snugly in the gauge, it is likely to chamber correctly in your firearm.
 - If the cartridge does not fit, do not attempt to use it in your firearm.
5. **Repeat as Necessary:** You may check multiple cartridges using the same process.

Disposal Instructions

- Dispose of the Ammo Checker in accordance with local regulations.
- If the product is no longer usable, consider recycling the aluminum material if possible.
- Do not dispose of the Ammo Checker in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please contact your local distributor or retailer where the product was purchased. They can provide assistance and answer any questions you may have.

Conclusion

By following these safety guidelines and instructions, you can ensure the effective and safe use of the Lyman Ammo Checker Single 350 Legend. Always prioritize safety when handling ammunition and reloading tools. Thank you for choosing Lyman.
