

# RIFLE CASE LENGTH/HEADSPACE GAUGES - LYMAN RIFLE CASE LENGTH/HEADSPACE GAUGE 6.5 GRENDDEL

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

To achieve the highest degree of safety and accuracy, Lyman recommends that all bottleneck rifle cases be inspected after resizing to ensure that the proper headspace dimension is maintained. The best way to check this critical dimension is with a Lyman case length/headspace gauge. The reloader simply inserts the case into the gauge to insure that it does not exceed the maximum or fall below the minimum allowable headspace. Caution: Any case found with excessive headspace should be destroyed immediately.

## Attributes

- Name: [LYMAN RIFLE CASE LENGTH/HEADSPACE GAUGE 6.5 GRENDDEL](#)
- Manufacturer: [LYMAN](#)
- Product no.: 539000216
- Mfr. No.: 7990340
- Cartridge: 6.5 Grendel
- Delivery weight: 0.227kg
- Shipping height: 25mm
- Shipping width: 76mm
- Shipping length: 152mm
- UPC: 011516703408

## Safety Instructions

### Introduction

Thank you for choosing the Lyman Rifle Case Length/Headspace Gauge for your reloading needs. This product is designed to ensure the safety and accuracy of your bottleneck rifle cases. Proper use and maintenance of this gauge are essential for achieving optimal performance and safety. Please read this guide carefully to understand how to use the product safely and effectively.

### General Safety Guidelines

- Always inspect your bottleneck rifle cases after resizing to ensure the proper headspace dimension is maintained.
- Use the Lyman gauge to check headspace dimensions before using any resized cases.
- Any case found with excessive headspace should be destroyed immediately to prevent accidents.
- Keep the gauge out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

### Specific Safety Precautions for Use

- Ensure the gauge is clean and free from obstructions before use.
- Only use the gauge for the intended cartridge, which in this case is the 6.5 Grendel.
- Do not attempt to modify the gauge or use it for any purpose other than checking case length and headspace.
- Handle the gauge with care to avoid damage.
- Always wear appropriate eye protection when reloading or handling ammunition.

### Instructions for Installation and Usage

#### 1. Preparation:

- Gather all necessary tools and materials, including your resized 6.5 Grendel cases and the Lyman gauge.
- Ensure your workspace is clean and welllit.

#### 2. Using the Gauge:

- Insert the resized case into the Lyman gauge.
- Check if the case fits within the maximum and minimum allowable headspace dimensions.
- If the case exceeds the maximum or falls below the minimum allowable headspace, discard the case immediately.

#### 3. After Use:

- Clean the gauge to remove any debris or residue.
- Store the gauge in a safe, dry place away from children.

## **Disposal Instructions**

- Dispose of any cases found to have excessive headspace in accordance with local regulations.
- Do not attempt to reuse or repair damaged cases; they should be destroyed to prevent potential hazards.

## **Contact Information for Further Support**

For any inquiries regarding the Lyman Rifle Case Length/Headspace Gauge or safety concerns, please refer to the product packaging for the designated EU contact point. Always ensure you have the latest information regarding product safety and compliance.

Thank you for your attention to these safety instructions. Your safety and the reliability of your reloading practices are of utmost importance.
