

# UNIVERSAL SPRING LOADED DECAP DIE - LYMAN UNIVERSAL SPRING LOADED DECAPPING DIE

[Reloading](#) > [Case Cleaning](#) > [Decapping Dies & Accessories](#)

Lyman's Universal Spring Loaded Decap Die is equipped with a spring-loaded decapping rod system that ensures the primer is forcefully ejected from the primer pocket every time. This die works great for processing brass on automated and progressive presses, as well as for prepping brass for cleaning on standard turret and single station presses. Works on all calibers 22 through 45 except for 378 and 460 Weatherby. (Will not remove Berdan primers.)

## Attributes

- Name: [LYMAN UNIVERSAL SPRING LOADED DECAPPING DIE](#)
- Manufacturer: [LYMAN](#)
- Product no.: 539000234
- Mfr. No.: 7701100

# Safety Instructions for Lyman Universal Spring Loaded Decap Die

## Introduction

Thank you for choosing the Lyman Universal Spring Loaded Decap Die. This product is designed to assist you in the safe and efficient decapping of brass cartridges. Please read and follow these safety instructions carefully to ensure your safety and the proper functioning of the die.

## General Safety Guidelines

- Always use the decap die in accordance with the manufacturer's instructions.
- Keep this product out of the reach of children and vulnerable individuals.
- Inspect the die before each use for any signs of damage or wear.
- Use the die in a wellventilated area to avoid inhaling any dust or debris.
- Wear appropriate safety gear, including safety glasses, to protect your eyes from any potential debris.
- Be aware of your surroundings and ensure that there are no distractions while using the die.

## Specific Safety Precautions for Use

- Do not use the decap die on Berdanprimed brass, as it is not designed for this type of primer.
- Ensure that the die is securely mounted to your press before use.
- Do not exceed the recommended operating pressure for your press when using the decap die.
- Always handle brass and primers with care to avoid accidental ignition.
- Do not attempt to modify or repair the decap die yourself; contact the manufacturer for assistance.
- If you experience any issues while using the die, stop immediately and consult the troubleshooting section of your press manual.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the press is turned off and unplugged before installation.
- Remove any existing dies from your press.
- Insert the Lyman Universal Spring Loaded Decap Die into the appropriate die holder of your press.
- Secure the die in place according to your press's specifications.

### 2. Usage:

- Select the appropriate caliber for your decapping needs (22 through 45, excluding 378 and 460 Weatherby).
- Place the brass case into the shell holder of your press.
- Activate the press to raise the ram and engage the decapping rod.
- The primer will be forcefully ejected from the primer pocket.
- After decapping, remove the brass case and inspect it for any damage.

## Disposal Instructions

- Dispose of any used primers and brass cases in accordance with local regulations.
- Do not throw away the decap die in regular household waste. Instead, follow local guidelines for disposing of metal products.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or maintenance of the Lyman Universal Spring Loaded Decap Die, please refer to the manufacturer's website or contact their support team.

By following these safety instructions, you can ensure a safe and effective experience while using the Lyman Universal Spring Loaded Decap Die. Thank you for prioritizing safety in your reloading practices.
