

# HANDGUN STAINLESS PRO CARBIDE SIZING DIES - LYMAN 38 SUPER STAINLESS PRO CARBIDE SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

Tungsten carbide sizing dies were pioneered by Lyman, now we have made them even better. Our new Pro Carbide die bodies are made of stainless steel which is noted for its toughness and anti-corrosion qualities. No more rusted dies! Our sizing dies are equipped with highly polished carbide rings for the ultimate in wear resistance and reduced sizing force. The carbide rings have a generous radius on the mouth to allow cases to easily align on progressive presses. Rifle dies also include our super slick carbide expander buttons to reduce case stretch. In addition, the sizing dies are equipped with a spring-loaded decapping rod system to ensure that the primer is force- fully ejected from the primer pocket every time.

## Attributes

- Name: [LYMAN 38 SUPER STAINLESS PRO CARBIDE SIZING DIE](#)
- Manufacturer: [LYMAN](#)
- Product no.: 539000240
- Mfr. No.: 7704232
- Cartridge: 38 Super
- Die Style: Sizing Dies
- Delivery weight: 0.195kg
- Shipping height: 51mm
- Shipping width: 51mm
- Shipping length: 127mm
- UPC: 011516742322

# Safety Instruction Guide for HANDGUN STAINLESS PRO CARBIDE SIZING DIES

## Introduction

Thank you for choosing the Lyman Handgun Stainless Pro Carbide Sizing Dies for your reloading needs. This guide provides important safety instructions and guidelines to ensure the safe and effective use of this product. Please read and follow these instructions carefully to avoid accidents and ensure optimal performance.

## General Safety Guidelines

- Ensure that all safety equipment is in place before using the sizing dies.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the work area clean and organized to prevent accidents.
- Store the sizing dies in a cool, dry place, away from moisture and direct sunlight.
- Regularly inspect the sizing dies for signs of wear or damage before each use.
- Follow local laws and regulations regarding the use and storage of reloading equipment.

## Specific Safety Precautions for Use

- Avoid using the sizing dies with damaged or deformed cases, as this can lead to improper sizing and potential accidents.
- Do not exceed the recommended sizing force, as this may damage the dies or cause injury.
- Keep hands and fingers clear of moving parts during operation to prevent injury.
- Do not attempt to modify or alter the sizing dies in any way, as this can compromise safety and performance.
- Ensure that the decapping rod system is functioning properly before use to avoid primer detonation.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Remove any existing dies from the press.
- Carefully install the Lyman sizing die into the press according to the manufacturer's instructions.
- Tighten the die securely to prevent movement during operation.

### 2. Usage:

- Before starting, ensure that all components are clean and free of debris.
- Insert the case into the die, aligning it properly to avoid misalignment.
- Apply a steady, even force to the press handle to size the case. Avoid excessive force.
- After sizing, inspect the case for proper dimensions and any signs of damage.
- Use the springloaded decapping rod system to remove the primer safely.

## Disposal Instructions

- Dispose of any damaged or worn sizing dies according to local waste disposal regulations.
- Do not throw away the dies in regular household waste. Check for recycling programs that accept metal components.
- Ensure that all primers and other hazardous materials are disposed of safely, following local regulations.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Lyman Handgun Stainless Pro Carbide Sizing Dies, please refer to the manufacturer's website or customer support resources for assistance.

By following these safety instructions and guidelines, you will ensure a safe and effective reloading experience with your Lyman sizing dies. Thank you for prioritizing safety in your reloading practices.
