

# MIL SPEC GUN CLEANING PATCHES - BROWNELLS MIL-SPEC COTTON PATCHES, 1.25" SQUARE, .22 CAL, 1,000 PACK

[Gun Cleaning & Chemicals](#) > [Patches & Mops](#) > [Bore Patches](#)

## From The Same Supplier Uncle Sam Uses

100% cotton, single-nap, unbleached flannel patches made to get guns clean efficiently. The coarse, open weave side grabs and holds bore fouling and doubles as a "scrubber" for tough surface dirt. Soft, napped side holds and distributes solvents and oils.

# MIL SPEC GUN CLEANING PATCHES SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the MIL SPEC Gun Cleaning Patches. These patches are designed to help you clean your firearms effectively and safely. This guide provides important safety information and usage instructions to ensure your experience is safe and effective.

## General Safety Guidelines

- Always keep the patches out of reach of children and pets.
- Do not use the patches for any purpose other than gun cleaning.
- Ensure that your work area is clean and free of any flammable materials when using solvents or oils.
- Avoid contact with skin and eyes. If contact occurs, rinse thoroughly with water and seek medical advice if irritation persists.
- Store the patches in a cool, dry place away from direct sunlight and heat sources.
- Dispose of used patches properly, following local regulations for hazardous waste if they have been contaminated with solvents or oils.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded and pointed in a safe direction before cleaning.
- Use the coarse, open weave side of the patch for scrubbing tough dirt and fouling.
- Use the soft, napped side to apply solvents and oils.
- Do not exceed the recommended number of patches for cleaning to avoid clogging the bore.
- Do not use the patches if they show signs of damage or wear.
- Follow the manufacturer's instructions for any cleaning solvents or oils used in conjunction with the patches.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and in a safe position.
- Gather all necessary cleaning supplies, including the patches, cleaning rod, solvent, and oil.

### 2. Using the Patches:

- Take one patch from the bag.
- For initial cleaning, use the coarse side to scrub the bore. Insert the cleaning rod into the bore and attach the patch securely.
- Push the patch through the bore from the chamber to the muzzle.
- For applying solvents or oils, use the soft side of the patch. Apply a small amount of solvent or oil to the patch and distribute it evenly.
- Repeat the process as necessary, using fresh patches for optimal results.

### 3. PostCleaning:

- After cleaning, ensure all patches are disposed of properly.
- Wipe down the firearm with a clean, dry cloth to remove any excess solvent or oil.
- Store the firearm in a safe and secure location.

## **Disposal Instructions**

- Dispose of used patches in accordance with local regulations. If the patches have been contaminated with hazardous materials, follow your local hazardous waste disposal guidelines.
- Do not dispose of patches in regular household waste if they contain solvents or oils.

## **Contact Information for Further Support**

For any inquiries regarding the safety or use of the MIL SPEC Gun Cleaning Patches, please reach out to the manufacturer or your point of purchase. Always refer to the most recent safety guidelines and recommendations.

Thank you for choosing the MIL SPEC Gun Cleaning Patches. Your safety and satisfaction are our top priorities. Please follow these guidelines to ensure a safe and effective cleaning experience.
