# Safety Instruction Guide for Brownells Safety Installation Combination Arbor

## Introduction

Thank you for choosing the Brownells Safety Installation Combination Arbor. This tool is designed to assist in modifying military safety shrouds to accept two-position safeties from Wisner's Inc. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure that the workspace is clean, well-lit, and free from distractions.
- Wear appropriate personal protective equipment (PPE) such as safety goggles and gloves.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool for any damage before each use. Do not use if damaged.
- Follow all local regulations regarding the use and disposal of tools.

## Specific Safety Precautions for Use

- Ensure that the tool is securely clamped and stable during operation.
- Do not exceed the specified dimensions for the arbor slotting saws and woodruff cutter.
- Avoid wearing loose clothing or jewelry that may become caught in the tool.
- Always maintain a firm grip on the tool during use.
- Do not attempt to modify the tool or use it for purposes other than intended.
- Use caution when handling sharp blades and cutting tools.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure the area is clear of any unnecessary items.

### 2. Installation:

- Secure the Combination Arbor in a stable position.
- Attach the appropriate slotting saw or woodruff cutter to the arbor, ensuring a snug fit.
- Verify that the shank of the tool is properly inserted into the machine or device you are using.

### 3. Usage:

- Turn on the machine and allow it to reach the desired speed before beginning work.
- Gently guide the tool into the material, applying consistent pressure without forcing it.
- Monitor the tool's operation and be prepared to stop if any unusual sounds or vibrations occur.
- Once the task is complete, turn off the machine and allow the tool to come to a complete stop before removing it.

### 4. PostUsage:

- Clean the tool and workspace after use.
- Store the tool in a dry, secure location away from children.

## **Disposal Instructions**

- Dispose of any unused or damaged tools in accordance with local waste disposal regulations.
- Recycle materials whenever possible, following local guidelines for recycling metal and plastic.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the appropriate contact point in your region. Ensure you have the product details ready for a more efficient response.

By following these guidelines, you can ensure a safe and effective experience with the Brownells Safety Installation Combination Arbor. Thank you for prioritizing safety in your use of our product.
