

# AR-15/M16 GAS BUSTER CHARGING HANDLE - PRECISION REFLEX GAS BUSTER CHARGING HANDLE W/FLAT LATCH

[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Charging Handles](#)

## Keeps Gas Blowback Away From Shooter's Face

The Precision Reflex Gas Buster AR-15 Charging Handle has a special gas deflection groove that deflects gas blowback, oil, or other debris away from the shooter's face. A PRI Gas Buster will help protect you in the event of a blown case, failed primer, or some other cartridge failure. PRI machines each Gas Buster charging handle from extra-strong 7075 T6 aluminum alloy, with extra metal at stress points to resist twisting or, even worse, breakage under hard use. A matte black hardcoat anodized finish helps prevent surface wear. The latch itself is made of steel so this small but critical part won't fail you at the wrong time. The Precision Reflex Gas Buster AR-15 Charging Handle comes as a complete assembly, ready to drop into your rifle. It is available in three configurations: Flat Latch model most resembles the standard mil-spec charging handle, but has a deeply hooked latch face that gives you a super-secure, non-slip hold Military Big Latch is oversized with a straight front edge that is easy to locate, grasp, and operate; edges are rounded to protect your fingers Combat Latch has a similar contour to Military Big Latch but is 17% larger, with serrations on the front edge to assist in quick and comfortable operation All versions of the Precision Reflex Gas Buster AR-15 Charging Handle are designed to help you operate the handle reliably and quickly under stress, when crucial seconds make all the difference.

## Attributes

- Name: [PRECISION REFLEX GAS BUSTER CHARGING HANDLE W/FLAT LATCH](#)
- Manufacturer: [PRECISION REFLEX](#)
- Product no.: 556000002
- Mfr. No.: 05-0030
- Finish: Matte Black
- Hand: Right
- Weapon type: AR-15
- Delivery weight: 0.091kg
- Shipping height: 8mm
- Shipping width: 99mm
- Shipping length: 254mm
- UPC: 090222551268

## Item details

Made in USA

US export classification: 0A501.x

# Safety Instruction Guide for Precision Reflex Gas Buster AR15 Charging Handle

## Introduction

Thank you for choosing the Precision Reflex Gas Buster AR15 Charging Handle. This guide provides important safety instructions to ensure the safe and effective use of your product. Please read this guide carefully and keep it for future reference.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that your charging handle is compatible with your AR15/M16 upper before installation.
- Inspect the charging handle for any signs of damage or wear before use.
- Use the charging handle only as intended and in accordance with the firearm manufacturer's guidelines.
- Keep the charging handle and all firearm components out of reach of children and unauthorized users.
- Always wear appropriate safety gear, including eye and ear protection, when handling firearms.

## Specific Safety Precautions for Use

- **Gas Deflection:** The Gas Buster design helps deflect gas blowback away from your face. However, always maintain a safe shooting posture.
- **Failure to Fire:** In the event of a failure to fire, follow the recommended clearing procedures for your firearm before attempting to use the charging handle again.
- **Installation:** Ensure that the charging handle is fully seated in the receiver before operating the firearm.
- **Latch Operation:** Use a firm grip on the latch when operating the charging handle to avoid slippage or mishandling.
- **Environment:** Avoid using the charging handle in adverse weather conditions that may affect grip and visibility.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the existing charging handle by pulling it out of the receiver.
- Align the Precision Reflex Gas Buster Charging Handle with the receiver and insert it fully until it clicks into place.
- Confirm that the charging handle is secure and operates smoothly.

### 2. Usage:

- To operate, pull the charging handle to the rear firmly.
- Release the handle to allow it to return to its forward position.
- Ensure that the latch is engaged properly to avoid accidental openings.

## Disposal Instructions

- Dispose of the Precision Reflex Gas Buster Charging Handle in accordance with local regulations for metal scrap and electronic waste.
- Do not dispose of the charging handle in regular household waste.

## **Contact Information for Further Support**

For safety inquiries or additional support, please refer to the contact information provided by your retailer or manufacturer.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of the Precision Reflex Gas Buster AR15 Charging Handle. Always prioritize safety and responsible firearm handling. Thank you for your attention to these important guidelines.
