

# 1911 ERGO XT GRIPS - ERGO GRIPS GOVT/COMM BB GRIP, BLACK

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

## Extremely Tough, Textured Grip Surface

Strong, lightweight, and extremely tough, heavily textured grips provide excellent handling and stability in all conditions. Cut for ambidextrous safeties. Install easily with standard grip screws and bushings. Models available for Government/Commander grip frame, as well as Officers Model. Beveled has a neatly beveled bottom edge that allows fast hand clearance during draw and minimizes "printing" through clothing on concealed carry pistols. Square Bottom gives a flush, tight fit against magazine guides and chutes that attach to the 1911.

# Safety Instruction Guide for 1911 ERGO XT Grips

## Introduction

Thank you for choosing the 1911 ERGO XT Grips. These grips are designed to enhance your shooting experience with their strong, lightweight, and tough construction. This guide provides essential safety instructions, installation procedures, and usage tips to ensure safe handling and optimal performance.

## General Safety Guidelines

- Ensure that the grips are compatible with your firearm model (Government, Commander, or Officers Model) before installation.
- Always handle firearms with care and ensure they are unloaded when installing or working on grips.
- Store all firearm accessories, including grips, in a secure location away from children and unauthorized users.
- Regularly inspect the grips for wear or damage, and replace them if necessary.
- Follow all local laws and regulations regarding firearm modifications and usage.

## Specific Safety Precautions for Use

- **Ambidextrous Safety Cut:** Ensure that the safety mechanism is functioning properly after installation.
- **Grip Texture:** The heavily textured surface provides excellent handling; however, ensure your hands are dry to maintain grip stability.
- **Concealed Carry:** When carrying concealed, be mindful of the grip's shape and texture, which may affect how the firearm prints through clothing.
- **Beveled Bottom Edge:** This feature allows for faster hand clearance during draw; practice drawing with the grips installed to ensure comfort and efficiency.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools: standard grip screws and bushings.

### 2. Installation Steps:

- Remove the existing grips by unscrewing the grip screws using the appropriate tool.
- Align the new ERGO XT Grips with the grip frame of your firearm.
- Insert the grip screws through the grips and into the frame, tightening them securely but not overly tight to avoid damaging the grips.
- Check that the grips are firmly attached and do not shift when handled.

### 3. Usage Tips:

- Familiarize yourself with the feel of the new grips by practicing handling and aiming before livefire exercises.
- Regularly check the screws for tightness, especially after extensive use.

## Disposal Instructions

- Dispose of any damaged or worn grips in accordance with local waste disposal regulations.
- Do not incinerate grips made from polymer materials as they may release harmful fumes.

## **Contact Information for Further Support**

For any questions or concerns regarding the 1911 ERGO XT Grips, please refer to the manufacturer's contact points or visit their official website for more information.

By following these guidelines, you can ensure safe and effective use of your 1911 ERGO XT Grips. Always prioritize safety and responsible firearm handling. Thank you for your attention to these important safety instructions.
