

# EXPRESS BROWN #2 - MARK LEE 4 OZ. EXPRESS BROWN #2

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Blackening & Browning](#)

## Quick & Easy Using Propane Torch

No damp cabinets or long rusting periods required to get top-quality, good-looking browns. Heat gun or part to 150°-200° F. with propane torch; swab on solution, and card with soft wire wheel or fine steel wool. Repeat the application of solution and carding until color wanted is achieved. Brown #2 gives excellent brown and does not require to be boiled in water for a beautiful brown finish. You can boil it if you would like for very dark brown almost black color. Complete instructions are included.

# Safety Instruction Guide for EXPRESS BROWN #2 MARK LEE 4 OZ.

## Introduction

Thank you for choosing EXPRESS BROWN #2 by MARK LEE. This product is designed to help you achieve beautiful brown finishes on various surfaces without the need for damp cabinets or long rusting periods. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always read and follow the instructions provided with the product.
- Ensure proper ventilation when using the product to avoid inhalation of fumes.
- Keep the product out of reach of children and pets.
- Do not use the product near open flames or heat sources.
- Be aware of the potential hazards associated with the use of chemicals.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), including:
  - Gloves to protect your skin.
  - Safety goggles to protect your eyes.
  - A mask to avoid inhaling fumes.
- Do not ingest the product. It is not safe for consumption.
- Ensure that surfaces to be treated are clean and free of debris.
- Avoid contact with skin and eyes. In case of contact, rinse immediately with plenty of water and seek medical advice.
- Store the product in a cool, dry place away from direct sunlight.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the area is wellventilated.
- Gather necessary materials: heat gun or propane torch, soft wire wheel or fine steel wool, and the solution.

### 2. Heating:

- Heat the part or surface to be treated to a temperature between 150°200°F (65°93°C) using a heat gun or propane torch.

### 3. Application:

- Swab the solution onto the heated surface using a clean applicator.
- Use a soft wire wheel or fine steel wool to card the surface gently.

### 4. Reapplication:

- Repeat the application of the solution and carding process until the desired color is achieved.
- For a very dark brown or almost black finish, you may boil the solution in water before applying.

## **5. Finishing:**

- Allow the surface to cool and dry completely before handling.
- Follow any additional instructions included with the product for best results.

## **Disposal Instructions**

- Dispose of any unused product and containers in accordance with local regulations.
- Do not pour the product down drains or dispose of it in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the use of this product, please contact the manufacturer or your local regulatory authority.

By following these safety instructions, you can ensure a safe and effective experience with EXPRESS BROWN #2 by MARK LEE. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
