### **Interchangeable Posts For Quick-Change From Short-To Long-Range Configuration**

Gives the single-shot or lever gun shooter the period looks of a traditional, tang-mounted peep sight plus new adjustability features that allow fast changes from short- to long-range settings. Great for the cowboy shooter who wants to use the same gun in cowboy competition and long-range side matches, or as an alternative to vernier-type sights on single-shot rifles used in BPCR and other long-range competitions. Each sight comes with a post that is the correct height to regulate the same as the original factory iron sights. Click adjustable for windage and elevation; each click is approximately  $\frac{1}{4}$ " of adjustment at 100 yards. For larger elevation changes, you can easily swap in a higher or lower post (available separately); choose a lower post for close-in shooting and a taller post for longer ranges. All components are precision CNC machined from 4140 steel, with critical parts heat-treated for extra strength.

# Safety Instruction Guide for HENRY BIG BOY IMPROVED PEEP STANDARD POST MARBLE ARMS

## Introduction

Thank you for purchasing the HENRY BIG BOY IMPROVED PEEP STANDARD POST. This guide provides essential safety instructions and information to ensure the safe and effective use of your sight. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or adjusting the sight.
- Use the sight only on compatible firearms as specified in the product specifications.
- Regularly inspect the sight for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding the use of firearms and firearm accessories.
- Store the sight and firearm in a secure location, away from children and unauthorized users.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that you are familiar with the operation of your firearm and the sight before using it.
- Always wear appropriate eye and ear protection when using firearms.
- Be aware of your surroundings and ensure that your shooting area is safe and secure.
- Do not use the sight in adverse weather conditions that may impair visibility or safety.
- Avoid using the sight while under the influence of drugs or alcohol.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded.
- Drill and tap the necessary holes on older guns if required for installation.
- Attach the sight base securely to the firearm using the provided screws.
- Choose the correct height post (Low or Standard) based on your shooting needs.
- Install the aperture disc with the desired peep size (.055") into the sight.

### 2. Usage:

- Adjust the sight for windage and elevation by clicking the adjustment knobs. Each click provides approximately  $\frac{1}{4}$ " of adjustment at 100 yards.
- For larger elevation changes, consider swapping the post for a higher or lower one (available separately).
- Regularly check the sight alignment and make adjustments as necessary for optimal performance.

## Disposal Instructions

- Dispose of the sight and any packaging materials in accordance with local regulations.
- Do not dispose of the sight in regular household waste. Check with local waste management for proper disposal methods.
- If the sight is damaged beyond repair, ensure it is rendered unusable before disposal.
