

# RANGE MASTER LOW MOUNT PUSHER BLOCK - MGW RANGE MASTER LOW MOUNT PUSHER BLOCK

[Gunsmith Tools](#) > [Sight & Scope Installation Tools](#) > [Sight Movers](#)

## For Damage-Free Installation of Low-Profile Rear Sights

MGW offers the Low Mount Pusher Block to help you install low-mount sights using your MGW Range Master or Sight Pro sight mover tool. It is specifically designed to protect these smaller sights from accidental damage that can happen if you use the standard pusher block. The Low Mount Pusher Block easily replaces your MGW mover's original pusher block (temporarily) and has a special narrow pusher tip with a smaller contact surface to clear the narrower dovetails and sight body of low-mount sights. Fits MGW Sight Pro AND Range Master Easy, fast, drop-in installation Machined steel, matte black finish The Low Mount Pusher Block increases the versatility of your MGW sight mover tool by setting you up to install the low mount sights that are commonly used on popular concealed carry pistols.

# MGW Range Master Low Mount Pusher Block Safety Instruction Guide

## Introduction

Thank you for choosing the MGW Range Master Low Mount Pusher Block. This guide provides essential safety instructions and usage information to ensure that you can safely and effectively use this tool. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to install lowmount sights on firearms.
- Keep the tool out of reach of children and unauthorized users.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using this tool.
- Inspect the tool before each use for any signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding the use of firearms and tools.

## Specific Safety Precautions for Use

- Use the Low Mount Pusher Block only with the MGW Range Master or Sight Pro sight mover tool.
- Ensure that the sight and firearm are securely positioned before applying pressure with the pusher block.
- Avoid applying excessive force, which may lead to damage to the sight or firearm.
- Do not use the pusher block for any other purpose than installing lowmount sights.
- If you experience any difficulty during installation, stop and review the instructions or seek assistance.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and materials, including the MGW Range Master or Sight Pro sight mover tool and the Low Mount Pusher Block.
- Ensure that the firearm is unloaded and safe to work on.

### 2. Installation of the Low Mount Pusher Block

- Remove the original pusher block from your MGW mover tool.
- Insert the Low Mount Pusher Block into the pusher tool in place of the original block.
- Ensure that it is securely in place before proceeding.

### 3. Using the Low Mount Pusher Block

- Position the lowmount sight on the firearm's dovetail.
- Align the narrow pusher tip of the Low Mount Pusher Block with the sight.
- Slowly and steadily apply pressure using the sight mover tool to install the sight.
- Monitor the installation closely to ensure proper alignment and avoid damage.

### 4. PostInstallation

- Once the sight is installed, remove the Low Mount Pusher Block from the tool.
- Inspect the installation to ensure that the sight is secure and properly aligned.

## **Disposal Instructions**

- Dispose of the Low Mount Pusher Block in accordance with local regulations.
- If the product is damaged beyond use, consider recycling the materials if possible.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the MGW Range Master Low Mount Pusher Block, please contact your local distributor or visit the manufacturer's website for support.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with the MGW Range Master Low Mount Pusher Block. Thank you for your attention to safety, and enjoy using your tool responsibly.
