

# GUNLOCK - MASTER LOCK GUN LOCK; KEYED DIFFERENTLY

[Shooting Accessories](#) > [Training & Safety Gear](#) > [Gun Locks](#)

## California-Approved; For Use On Almost Any Gun

Four-pin, steel, tumbler lock accepts a braided-steel cable that locks out the action on nearly any, unloaded gun. Cable is both strong and thin to withstand cutting attacks and still fit through compact actions. Hardened-steel body and armored-steel cups encapsulate the cable. Keyed Differently - unique key for each lock.

# **Safety Instruction Guide for GUNLOCK MASTER LOCK GUN LOCK; KEYED DIFFERENTLY**

## **Introduction**

Thank you for choosing the GUNLOCK MASTER LOCK GUN LOCK. This product is designed to provide secure locking for your firearms, ensuring safety and peace of mind. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## **General Safety Guidelines**

- Ensure that the lock is used only on unloaded firearms.
- Always store firearms in a secure location, even when locked.
- Regularly inspect the lock for any signs of wear or damage.
- Keep the lock and keys out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## **Specific Safety Precautions for Use**

- Use the lock only as intended, following the instructions provided.
- Avoid using the lock in damp or wet conditions to prevent rust and corrosion.
- Do not attempt to modify or tamper with the lock or cable.
- Ensure that the cable is properly threaded through the firearm's action to prevent accidental discharge.
- Always keep the keys in a secure place, separate from the firearm.

## **Instructions for Installation and Usage**

### **1. Inspect the Lock and Cable:**

- Before use, ensure that the lock and cable are in good condition, with no visible damage.

### **2. Threading the Cable:**

- Take the braidedsteel cable and thread it through the action of the unloaded firearm.
- Ensure that it is securely in place and will prevent the action from being operated.

### **3. Locking the Cable:**

- Insert the end of the cable into the lock.
- Turn the key to secure the lock, ensuring it is firmly closed.

### **4. Removing the Lock:**

- To unlock, insert the key into the lock.
- Turn the key and gently pull the cable out of the firearm's action.

### **5. Storing the Lock:**

- Store the lock and cable in a dry, secure location when not in use.
- Keep the key in a separate, safe place.

## Disposal Instructions

- Dispose of the lock and cable in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the lock is damaged or no longer functional, consult local recycling centers for proper disposal methods.

## Contact Information for Further Support

For any inquiries or concerns regarding the GUNLOCK MASTER LOCK GUN LOCK, please refer to the manufacturer's contact details provided with the product packaging. Ensure you have the product model and any relevant information available when seeking support.

By following these guidelines, you can ensure the safe and effective use of your GUNLOCK MASTER LOCK GUN LOCK. Thank you for prioritizing safety in firearm storage.
