# 1911 EZ Checkering Fixture Safety Instructions

## Introduction

Thank you for choosing the 1911 EZ Checkering Fixture by Marvel Precision. This professional quality fixture is designed to help you achieve straight and accurate front strap frame checkering on your first attempt. To ensure safe and effective use of the fixture, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always read the instructions thoroughly before use.
- Ensure that the fixture is used only for its intended purpose.
- Keep the fixture and all tools out of reach of children and vulnerable individuals.
- Inspect the fixture regularly for any signs of wear or damage before each use.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating the fixture.
- Do not attempt to modify or alter the fixture in any way.

## Specific Safety Precautions for Use

- Ensure that the fixture is securely clamped to the frame before beginning any work.
- Always use the fixture on a stable and level surface to prevent accidents.
- Be cautious when handling sharp checkering files to avoid cuts and injuries.
- Maintain a clear workspace free from clutter to reduce the risk of accidents.
- Do not exceed the recommended force when using the fixture to avoid damaging the tool or the frame.
- If you experience any difficulties while using the fixture, stop immediately and consult the instructions or seek assistance.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the 1911 EZ Checkering Fixture, checkering files, and Allen wrenches.
- Ensure that the frame you are working on is clean and free of debris.

### 2. Installation:

- Clamp the fixture securely to the single stack, Government length frame. Ensure it is positioned correctly for vertical and horizontal cuts.
- Adjust the indexing pins to ensure proper alignment for the initial undercut.

### 3. Usage:

- Once the fixture is installed, refer to the well-illustrated instructions provided for specific cutting techniques.
- Begin with light pressure and gradually increase as needed, ensuring the fixture remains stable.
- Regularly check the alignment and depth of the cuts to maintain accuracy.

### 4. Post-Usage Care:

- After completing your work, carefully remove the fixture from the frame.
- Clean the fixture and checkering files to remove any debris or residue.
- Store the fixture in a safe, dry place away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of any damaged or wornout parts of the fixture in accordance with local regulations.
- Recycle any metal components if possible, and ensure that materials are disposed of in an environmentally friendly manner.

## **Contact Information for Further Support**
