

# SANDING DISCS - VSM ABRASIVES CORPORATION 10" (25.4CM) DISCS, 80 GRIT

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Abrasives](#) > [Sanding Discs](#)

## Resinal Metalite Pressure-Sensitive Discs ... Fast Off/On Disc And Grit Change

Lay flatter, stick smoother than glue-on type with no glue lumps, giving much longer disc life with no high spots to wear down first. Edges stay down stopping "catch-and-tear" problems. Much easier and faster to change, with no cleanup between grit changes, and no cleanup of the sander. Special surface, resin bonded to the heavy cloth backing, prevents loading up of disc and drag-off of grit, so stays cutting longer and faster without clogging. For coarse-to-fine metal finishing, and all wood finishing. Sold in packs of 3 discs each.

## Attributes

- Name: [VSM ABRASIVES CORPORATION 10" \(25.4CM\) DISCS, 80 GRIT](#)
- Manufacturer: [VSM ABRASIVES CORPORATION](#)
- Product no.: 591100080
- Mfr. No.:
- Grit: 80
- Size: 10
- Delivery weight: 0.159kg
- Shipping height: 33mm
- Shipping width: 145mm
- Shipping length: 244mm

# Safety Instruction Guide for VSM Abrasives Corporation 10" (25.4CM) Sanding Discs, 80 Grit

## Introduction

Thank you for choosing the VSM Abrasives Corporation Sanding Discs. These discs are designed to provide superior performance and durability for metal and wood finishing tasks. To ensure safe and effective use, please read this safety instruction guide thoroughly.

## General Safety Guidelines

- Always read the product label and instructions before use.
- Ensure that the sanding discs are compatible with your sander.
- Keep the sanding area clean and free from clutter to prevent accidents.
- Store sanding discs in a cool, dry place away from direct sunlight.
- Regularly check for wear and tear on the sanding discs and replace them as needed.
- Use appropriate personal protective equipment (PPE) such as goggles, masks, and gloves.
- Be aware of your surroundings and ensure that bystanders are at a safe distance while using the sanding discs.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Inhalation of dust generated during sanding can pose health risks.
  - Risk of cuts or abrasions from sharp edges of the sanding discs.
  - Potential for eye injury from flying debris.
- **Avoiding Hazards:**
  - Always use a dust mask or respirator to minimize inhalation of dust.
  - Wear safety goggles to protect your eyes from debris.
  - Use gloves to protect your hands from sharp edges.
  - Ensure that the sander is securely attached to the sanding disc before use.
  - Do not exceed the recommended speed of the sander to prevent disc failure.

## Instructions for Installation and Usage

- **Installation:**
  1. Disconnect the sander from its power source.
  2. Remove any existing sanding disc from the sander.
  3. Align the VSM sanding disc with the sander pad.
  4. Press down firmly to ensure a secure fit.
  5. Reconnect the sander to its power source.
- **Usage:**
  - Start the sander at a low speed and gradually increase to the recommended speed.
  - Apply even pressure while sanding to avoid uneven wear on the disc.
  - Change sanding discs when they show signs of wear or clogging.
  - Do not force the sander; let the disc do the work.

- After use, turn off the sander and unplug it before changing discs or cleaning.

## **Disposal Instructions**

- Dispose of used sanding discs in accordance with local regulations.
- Do not dispose of sanding discs in regular household waste if they contain hazardous materials.
- Check with local waste management authorities for appropriate disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or additional information regarding the use of VSM Abrasives Corporation Sanding Discs, please refer to the manufacturer's contact details provided on the product packaging or visit the official website.

We hope this guide helps you use your VSM sanding discs safely and effectively. Always prioritize safety and follow the instructions provided. Thank you for your attention to these important guidelines.
