

# SANDING DISCS - VSM ABRASIVES CORPORATION 12" (30.5CM) DISCS, 220 GRIT

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Abrasives](#) > [Sanding Discs](#)

## Resinal Metalite Pressure-Sensitive Discs ... Fast Off/On Disc And Grit Change

Lay flatter, stick smoother than glue-on type with no glue lumps, giving much longer disc life with no high spots to wear down first. Edges stay down stopping "catch-and-tear" problems. Much easier and faster to change, with no cleanup between grit changes, and no cleanup of the sander. Special surface, resin bonded to the heavy cloth backing, prevents loading up of disc and drag-off of grit, so stays cutting longer and faster without clogging. For coarse-to-fine metal finishing, and all wood finishing. Sold in packs of 3 discs each.

## Attributes

- Name: [VSM ABRASIVES CORPORATION 12" \(30.5CM\) DISCS, 220 GRIT](#)
- Manufacturer: [VSM ABRASIVES CORPORATION](#)
- Product no.: 591120220
- Mfr. No.: 73056
- Grit: 220
- Size: 12
- Delivery weight: 0.204kg
- Shipping height: 8mm
- Shipping width: 226mm
- Shipping length: 284mm

# Safety Instruction Guide for VSM Abrasives Corporation 12" Sanding Discs, 220 Grit

## Introduction

Thank you for choosing VSM Abrasives Corporation 12" Sanding Discs, 220 Grit. These sanding discs are designed for efficient and effective sanding of various materials, including metal and wood. This guide provides essential safety instructions to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the safety instructions before using the sanding discs.
- Ensure that the sanding discs are suitable for your specific application and sander.
- Inspect the sanding discs for any damage before use. Do not use damaged discs.
- Keep the workspace clean and free from clutter to prevent accidents.
- Use appropriate personal protective equipment (PPE), including safety goggles and dust masks.
- Ensure that all equipment is properly maintained and in good working condition.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury from flying debris when sanding.
- Risk of respiratory issues due to dust inhalation.
- Risk of skin irritation from contact with sanding materials.

- **Avoiding Hazards:**

- Always secure the workpiece to prevent movement during sanding.
- Use a vacuum attachment or dust collection system to minimize dust exposure.
- Do not exceed the recommended speed of the sander while using the discs.
- Keep hands and body parts away from the sanding area.
- Do not wear loose clothing or jewelry that may get caught in the sander.

- **Age or Audience Specific Warnings:**

- Keep sanding discs out of reach of children.
- Ensure that inexperienced users are supervised when using the sanding discs.

## Instructions for Installation and Usage

- **Installation:**

1. Ensure the sander is turned off and unplugged.
2. Clean the backing pad of the sander to remove any debris.
3. Align the sanding disc with the backing pad.
4. Press the disc firmly onto the pad to ensure a secure fit.
5. Plug in the sander and check that the disc is properly attached before use.

- **Usage:**

1. Always wear appropriate PPE before starting work.

2. Turn on the sander and allow it to reach full speed before contacting the workpiece.
3. Apply even pressure while sanding to achieve optimal results.
4. Move the sander in a controlled manner to avoid gouging the material.
5. Frequently check the sanding disc for wear and replace when necessary.

## **Disposal Instructions**

- Dispose of used sanding discs in accordance with local regulations.
- Do not dispose of sanding discs in regular household waste.
- Check with local waste management authorities for specific disposal guidelines.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the manufacturer's contact information provided with your product.

By following these safety instructions, you can ensure a safe and effective sanding experience with VSM Abrasives Corporation 12" Sanding Discs, 220 Grit. Thank you for prioritizing safety in your work.
