# **Safety Instruction Guide for CYLINDER ROLLS MERIT ABRASIVE PRODUCTS ABRASIVE CYLINDER ROLL 120 GRIT**

## **Introduction**

Thank you for choosing the CYLINDER ROLLS MERIT ABRASIVE PRODUCTS ABRASIVE CYLINDER ROLL 120 GRIT. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read the entire document carefully before use.

## **General Safety Guidelines**

- Ensure the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE) such as safety goggles, gloves, and a dust mask when using abrasive products.
- Keep the work area clean and welllit to avoid accidents.
- Do not use the product for unintended purposes.
- Regularly inspect the product for signs of wear or damage before use.
- Store the product in a dry, cool place away from direct sunlight and moisture.

## **Specific Safety Precautions for Use**

- Ensure the maximum speed of 20,000 rpm is not exceeded to prevent product failure.
- Avoid using the abrasive roll on materials that may cause it to shatter or break.
- Do not apply excessive pressure when using the product; let the abrasive action do the work.
- Keep hands and body parts away from the rotating cylinder during use.
- Use the product in wellventilated areas to minimize inhalation of dust and particles.
- Be aware of your surroundings and ensure that bystanders are at a safe distance while operating the tool.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Gather all necessary tools and safety equipment.
- Ensure that the work surface is stable and secure.

### **2. Installation:**

- Attach the abrasive cylinder roll securely to the compatible mandrel or tool.
- Ensure that the attachment is tight and stable to prevent it from loosening during use.

### **3. Usage:**

- Power on the tool and allow it to reach the maximum speed before making contact with the workpiece.
- Gently guide the abrasive roll against the material, applying minimal pressure.
- Move the roll in a consistent motion to achieve the desired finish.
- Regularly check the workpiece and the abrasive roll for wear and adjust usage as necessary.

### **4. PostUse:**

- Power off the tool and allow the abrasive roll to come to a complete stop before removing it.

- Clean the work area and dispose of any debris safely.

## Disposal Instructions

- Dispose of used abrasive rolls in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options for materials like aluminum oxide.
- Ensure that any waste generated during use is disposed of safely to minimize environmental impact.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the CYLINDER ROLLS MERIT ABRASIVE PRODUCTS ABRASIVE CYLINDER ROLL 120 GRIT. Always prioritize safety and adhere to the guidelines provided. Thank you for your attention to these important safety measures.
