# Safety Instruction Guide for CYLINDER ROLLS MERIT ABRASIVE PRODUCTS

## Introduction

Thank you for choosing the CYLINDER ROLLS MERIT ABRASIVE PRODUCTS ABRASIVE CYLINDER ROLL 240 GRIT. This product is designed for safe and effective use in shaping and polishing applications. This guide provides essential safety instructions and information to ensure your safety while using this product.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the product is used in accordance with the manufacturer's specifications.
- Keep the product out of reach of children and vulnerable groups.
- Inspect the product for any damage before use. Do not use if damaged.
- Follow all local regulations regarding the use and disposal of abrasive materials.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety goggles, gloves, and a dust mask to protect against dust and debris.
- Ensure that the work area is wellventilated to minimize inhalation of dust.
- Do not exceed the maximum speed of 20,000 rpm while using the product.
- Avoid using the product near flammable materials.
- Do not use the product for any purpose other than its intended use.
- Be cautious when using the product in tight spaces to avoid injury.
- Do not force the product; let the abrasive action do the work.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and PPE before starting.
- Ensure the work area is clean and free of obstructions.

### 2. Installation:

- Attach the abrasive cylinder roll securely to the appropriate mandrel or tool.
- Check that the attachment is secure and that the roll is aligned properly.

### 3. Usage:

- Start the tool at a low speed and gradually increase to the recommended maximum speed.
- Apply light pressure while using the abrasive roll; excessive pressure can lead to damage or injury.
- Use the roll in a consistent motion to achieve an even finish.
- Regularly check the condition of the roll during use, and replace it if it shows signs of excessive wear or damage.

### 4. PostUsage:

- Turn off the tool and allow it to come to a complete stop before removing the abrasive roll.

- Clean the work area to remove any dust or debris generated during use.

## Disposal Instructions

- Dispose of used abrasive rolls in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste unless permitted by local regulations.
- Consider recycling options if available for the materials used in the product.

## Contact Information for Further Support

For any inquiries or concerns regarding the safety of this product, please contact the manufacturer or your local distributor. Ensure you have the product information ready for reference.

By following these safety instructions, you can ensure a safe and effective experience with the CYLINDER ROLLS MERIT ABRASIVE PRODUCTS ABRASIVE CYLINDER ROLL 240 GRIT. Always prioritize safety and compliance with local regulations. Thank you for your attention to these important guidelines.
